Anywhere around the Head of the Lakes be sure and come in and examine our lists. We have a very choice selection of acres in the vicinity of the new townships of St. Louis and New Duluth.

## WHEELER & WARD, ROOM 4, FARGUSSON BUILDING DULUTH, MINNESOTA.

## LAST EDITION. A FAST FAILING FAIR.

Exposition Directors Appear to Be More at Sea Than Ever.

European Railway Project Explained By Its Projector.

CHICAGO, Aug. 19.—The board of directors of the World's fair met in consultation again this afternoon with the committee on grounds and buildings to discuss the question of a site. There is no under-rating the gravity of the situation nor the fact that new and numerous obstacles have loomed up in the way of the enterprise, and that energy and diplomatic work will be needed to overcome the snags.

The expert landscape engineers who have been called in for the aid of the directors have given it out flat-footed that the South Side parks which had been selected are unsuitable to the enterprise, and that it would require the expenditure of a vast sum of money and occupy more time than can be spared to get them in proper condition. The Illinois Central railroad has set down flat-footed on every effort to bring into harmony with the directors on the question of enlarging the Lake Front park. The right of Secretary Proctor to authorize the filling up of the lake front is seriously questioned, and on top of all Capt. W. L. Marshall, the United States army officer who has charge of the river and harbor improvements of the city, says emphatically that it is impossible to fill in the lake front in the time allowed, that piling would not answer, and that anyhow it would cost more money than the directors could possibly apply to the enterprise.

The fact is that after all the work that has been done at Washington, all the labor that has been expended in Springfield, after the numerous meetings of the state legislature and the city council, the directors are more at sea than they were when the memorable contest was being fought out in the hall of representatives at Washington, and it is an open secret that more than one of their number is sick and tired of the whole business.

It is openly charged, that so far they have shown very little intelligence, that in many instances they have been guilty of astounding negligence and that the numerous high paid officials have been simply blowing themselves and accomplishing nothing. The maintenance of the corporation with its \$100,000 a year vice-president, its press secretary, its numerous clerks and bureaus, all devolves upon the stockholders and it is held that as the money so paid in is simply a trust held for the subscribers in general, there should be something to show for its expenditure.

With all the legal and business intricacies that are entangled in the present control of the enterprise, it is certainly remarkable that correct information was not given at the start concerning the available acreage of Jackson Park, and that the lake front was offered as a site when the legal entanglement was of such a character that it could not be offered in good faith. It would not be surprising if after all the directors by force of circumstances were compelled to locate the show on the north or west side of the city.

At all events the condition of affairs is such that it is hardly possible that the organized labor of the city will be enabled to break ground on Labor Day, Sept. 1st, as had originally been contemplated.

## BRIDGING BEHRING STRAIT.

Ex-Governor Gilpin Takes His Project for a Colossal Railroad.

OTTAWA, Aug. 19.—Ex-Governor Gilpin of Colorado and party have just left Victoria, British Columbia, for Alaska. Governor Gilpin is now developing the railway project for the construction of a line through America and across Behring straits into Siberia, thence through Asia and Europe to the Atlantic. He says that the transcontinental line now established and reaching into northern Oregon constitutes the first American division of the proposed railroad. The plateau and valleys along Behring straits would make the connection. The water has a shallow, solid bottom, in no place exceeding a depth of forty feet.

The warm current, or the Pacific Gulf stream, having a temperature of 75°, passes through Behring straits into the Arctic circle; second, the considerable distance intervening between the American and Siberian shores. These objections present no insuperable or very difficult problems. The strait is only forty-eight miles in width, with the Bering islands nearly midway. Bridges a little more than twenty miles long on either side of this island would make the connection. The water has a shallow, solid bottom, in no place exceeding a depth of forty feet.

The warm current, or the Pacific Gulf stream, having a temperature of 75°, passes through Behring straits into the Arctic circle; second, the considerable distance intervening between the American and Siberian shores. These objections present no insuperable or very difficult problems. The strait is only forty-eight miles in width, with the Bering islands nearly midway. Bridges a little more than twenty miles long on either side of this island would make the connection. The water has a shallow, solid bottom, in no place exceeding a depth of forty feet.

It is likely that the mail service between the United States and San Francisco will cease in November.

## IT WON'T WORK.

How South Carolina's Governor was Caught at a Little Game.

WASHINGTON, Aug. 19.—Whether President Harrison is a greater man than Governor A. P. Richardson of South Carolina, or whether Governor Richardson is a greater man than the President of the United States is a question which will be settled sometime during the next three weeks. It all grows out of the World's fair. The bill providing for the Columbian exposition, provides for the appointment of two commissioners for each state; and requires that one shall be a democrat and the other a republican. The alternates are also required to be selected from the two dominant political parties in the same manner.

Having implicit trust in the good faith of the chief executives of the various states, it did not occur to the officials of the state department to make an investigation of the political standing of the nominees as they came in order to be sure that the law had been complied with. It was therefore only by accident a week or so ago that it was discovered that Governor Richardson had knowingly sent to the President the names of two democrats for alternates. When, however, the President was thoroughly satisfied that the law had been unwittingly or knowingly ignored by the governor of the Palmetto state, he caused a letter to be written in which the provisions of the law were pointed out to the governor, and requested.

Quickly there came a reply from the governor addressed not to the President but to the secretary of state, in which it was stated in language so clear and emphatic as to admit of no misunderstanding that the governor had been compelled to appoint two democrats because of the opposition of the legislature of South Carolina to whom he was willing to entrust so responsible a duty.

Replying to this another letter has been sent to the governor, in which he is plainly told that it is his duty to comply with the law, and that it must be done. Meanwhile, it is understood that the powers of the President in the premises have been looked up in the attorney general's department, and that an opinion has been prepared, and the probabilities are that South Carolina will find itself short of one of its representatives when the commission assembles in Chicago next month.

## THIS IS TOUGH.

Sale or Drinking of Liquors Prohibited in the Senate Wing.

WASHINGTON, Aug. 19.—The presiding officer laid before the senate the resolution submitted yesterday by Mr. Quay, providing for a change in the rules to have the vote on the tariff bill taken on the 30th of August, and to postpone till next session all other legislative business, except several classes of bills, as specified therein. Mr. Hoar said he desired to address the senate on the subject, but would prefer to do so tomorrow, and he understood that that was agreeable to the senator from Pennsylvania.

Mr. Quay, in reply, said that the resolution going over till tomorrow morning without prejudice, with the understanding that it will then be taken up. The resolution went over till tomorrow.

The resolution offered yesterday by Mr. Plumb, instructing the committee on rules to issue orders by Mr. Quay, preventing the sale or drinking of spirituous, vinous or malt liquors in the senate wing of the capitol, was taken up. Mr. Butler moved to add a resolution authorizing and directing the sergeant-at-arms to make daily inspection of the rooms and other apartments in the senate wing of the capitol, and to report to the committee on rules whether he has found spirituous, vinous or malt liquors therein. Mr. Gorman moved the reference of the resolution and amendments to the committee on rules. Mr. Blair called attention to the fact that the resolution was not presented and said something as to his (Blair's) making a four-hour speech on the resolution.

## GEN. GRANT'S REMAINS.

Resolution for Their Removal to Washington Set to Be Called Up.

WASHINGTON, Aug. 19.—Congressman Quinn of New York having received word from Gen. Grant, stating that in the matter of the proposed removal of the remains of Gen. Grant from Riverside park to Washington he and his children will be governed by the wishes of the people as expressed through congress, Representative O'Neill of Pennsylvania has introduced a resolution that the remains of Gen. Grant be removed to the city within a few days.

Mr. O'Neill says he is confident of the passage of the resolution and that it can in no wise interfere with the work of the monument to Gen. Grant. Representative Quinn says that he will oppose the passage of the resolution with his utmost vigor.

## The Weather.

WASHINGTON, Aug. 19.—Forecast till 8 a. m. Wednesday. For Minnesota: Fair, with light rain; for the north, cooler in southeast, warmer in southwest portion.

Fears for a Channel Steamer.

Dover, Eng., Aug. 19.—The steamer Princess Josephine is four hours overdue, and considerable anxiety is felt for her safety. She has a large number of passengers on board.

Another Steamer From France.

New York, Aug. 19.—The French line steamer La Normandie from Havre, arrived here today. A bronze statue of Gen. Lafayette was among the steamer's cargo. It is a present from the French to the American government.

## Democratic Alabama.

MONTGOMERY, Ala., Aug. 19.—Jones, democrat, is elected governor by a very large majority over Long, republican.

John F. Schooner for Congress.

BOSTON, Pa., Aug. 19.—The republicans of the Thirtieth Pennsylvania congressional district yesterday nominated John C. O'Connell as their colleague.

## TELEGRAPH BRIEFS.

It is likely that the mail service between the United States and San Francisco will cease in November.

Don Galindo, the Salvadoran agent at Guatemala City, telegraphs to President Diaz that a peace honorable to Salvador has been arranged.

Breakdown on the Stockton division of the Southern Pacific road have made a demand for an increase of wages.

## BUY THE WATER WORKS.

That is What Should Be Done, and That's What Will Be Done.

City Officials Talk on Last Night's Whitewash Report.

The so-called report of engineers on the water works operated by the Duluth Gas & Water company, presented in a communication to the consideration of the common council last night, is the subject of much comment and criticism by officials of the city government.

In conversation with a Herald reporter this morning on its merits, President W. Hugo of the council said: "In my judgment it is no report at all as covering the present needs of the city in this matter of water supply. It contains misstatements of fact and nothing new. I am surprised that engineers of acknowledged ability as these gentlemen, signers of the report, are known to have signed such a document, which practically means nothing and expresses less. That there is an apparent lack of capacity in the present system we all recognize, and it is to secure a remedy of this that we seek. Reports of the character presented to the council last night are of no value whatever towards accomplishing the desired end."

Alderman Gustafson, when interviewed, said: "The report is all right so far as it goes. The water company, I think, is sincere in its intention to afford the people necessary water and to keep the agreements with the city. But the sooner it gets to work and puts in a high pressure service the better it will be for the city and those living in the upper districts. The present system affords an ample supply to residents below the level. The main lines, as I view it, in construction of a high service reservoir, which would necessitate the expenditure of the \$200,000 fund would set at rest for all time any complaints."

City Engineer Fuller, when seen, indignantly referred to the report as a "neatly worded literary production, but nothing more." "The failure of the water company to construct another pumping engine leaves the city liable to be without an adequate water supply at any time. The present pump, which may last but three years, having a pumping capacity of 2,000,000 gallons each and the other of 2,000,000, in the event of a breakdown of the latter pump the city would suffer a great inconvenience, and, practically speaking, at the mercy of the company."

"It is unfortunate that there is no provision in the franchise grant, whereby the company could be compelled to construct a high service at once to meet the needs of the city. The franchise, in the terms of its franchise is not obliged to carry the water over 140 feet above the high water of the lake. The city should own and operate its own water plant, and it will, I believe, eventually. Until the last and best water with the interest, the company will afford no relief. It has not met with the requirements of this growing city, and the position shown on its part is far from commendable. It has broken its agreement more than once. It has even neglected filling up the trenches and in replacing the streets as found in constructing their lines of water pipes. There is seemingly no escape from the present inconvenience, and not until Duluth owns and operates her water supply will she have the service that a city of her substantial worth deserves."

## No Conference Yet.

New York, Aug. 19.—Grand Master Workman Powderly and Secretary Hayes have left for the Knights of Labor at 8 o'clock this morning to hold conference with other leaders of the Knights of Labor and the Knights of the Switch and the Knights of the Hammer, but up to 10 o'clock no meeting had been held.

It is stated that Mr. Sargent will call upon Mr. Webb and get his version as to how the firemen have been treated. Mr. Webb was spoken to by a reporter this morning, but refused to say anything beyond the fact that a conference would be held at his residence, and that Mr. Sargent, who he said, would be authorized to speak for the leaders.

Representative Kennedy of Ohio circulated the paper, and it was reported that Mr. Sargent's signature had been attached before the house met at noon. The republican republicans, who have been protesting most strongly against the Quaker resolution, have so far refrained from any united action and it would appear that the council of the leading spirits to avoid a sectional move and to cast their lot with the majority of the party, will prevail.

## To Relieve the Money Market.

WASHINGTON, Aug. 19.—Assistant Secretary Spaulding and Nettleton of the treasury had a conference with the president of the Federal Reserve bank in this afternoon with regard to the financial situation, and it is probable that action will be taken this afternoon for the relief of the money market.

## Fire Fighters in Session.

DETROIT, Mich., Aug. 19.—The annual convention of the National Association of Fire Engineers opened here today, all the principal centers of the country being represented. Among the important questions to be discussed is that of electric wires and their dangers to firemen.

Headache, Neuritis, Dizziness, Nervousness, Spasm, Sleeplessness, cured by Dr. Miles' Nervine. Sample free. Write to Dr. J. C. Rorer, New York.

## A SERIOUS ACCIDENT.

Two Are Killed and Thirty Injured by a Train Wreck.

BOSTON, Aug. 19.—A serious accident happened to the Cape Cod and Wood-shall train on the Old Colony, at Quincy at 1 o'clock this afternoon. The train jumped the track 100 feet from President's bridge. The first passenger coach fell on the engine, the latter having toppled over. The engine set fire to the train.

The fireman was instantly killed and the engineer fatally injured, as far as can be learned. There were eight passengers killed and about twenty injured.

## A PRODIGAL SON.

Returns Home After a Mysterious Absence of Forty Years.

MOBILE, Ill., Aug. 19.—Forty years ago Hiram Gregg, 8 years old, disappeared from the home of his parents at Elmira, N. Y. Search was instituted and kept up for several months, but without result. The parents resented to the West some time afterward and finally settled near this place.

Yesterday a man of 48 appeared at the Gregg household and announced himself as the boy who disappeared forty years ago. He was dressed in a mysterious costume and threatened with death. About fifteen years ago Hiram married, and his wife and children were living in Wisconsin and his wife took him to Wisconsin. He was cruelly used by his captors and often times had been beaten and threatened with death. About fifteen years ago Hiram married, and his wife and children were living in Wisconsin and his wife took him to Wisconsin. He was cruelly used by his captors and often times had been beaten and threatened with death.

## Was the Emperor's Birthday.

St. Petersburg, Aug. 19.—A grand banquet was given by the czar at St. Petersburg last evening. Yesterday was the anniversary of the birth of the Emperor of Austria, and the members of the Austrian Embassy at St. Petersburg, in honor of the occasion, were invited to be, and were present at the banquet. The czar and his guests wore decorations of the various Austrian orders.

The czar and Empress William proposed toasts to the ruler of Austria.

## Plumbers Threaten to Strike.

MILWAUKEE, Wis., Aug. 19.—A strike of journeymen plumbers is threatened on Wednesday next. Some time ago the Journeymen Plumbers association sent a communication to the Master Plumbers association demanding eight hours' work and ten hours' pay. They have not yet received a reply and they sent another communication to the effect that they would quit work if they were not given a hearing before Wednesday morning.

## Mass for the Cardinal.

LONDON, Aug. 19.—A grand requiem mass was celebrated in the oratory at Edgware on the anniversary of the death of the cardinal. The church was draped in black. The coffin containing the body of Cardinal Newman rested on a catafalque in front of the high altar of the church. The catafalque was covered with the cardinal's heraldic arms were on a pedestal below.

## Poisoned by Political Opponents.

BELOHAR, Aug. 19.—The committee of the Progress party attended a banquet at Topoli. Subsequently all the members of the committee were taken ill, and their symptoms showed that they were suffering from arsenical poisoning. The arsenic was placed in the food by the political opponents of the party. It is expected that the poisoning will be completely stopped before Saturday.

## Injurious to Shipping.

MELBOURNE, Aug. 19.—The union officers on many vessels have been replaced by non-union men, and the union have declined to work with them after the expiration of the time set in a notice that has been served upon the vessel owners. It is expected that the shipping trade will be completely stopped before Saturday.

## Pinkerton Men in Trouble.

NEWARK, N. J., Aug. 19.—A man named C. E. Hiltman, one of Pinkerton's thugs employed by the C. N. Nelson company in the late strike, was arrested last night for robbing a man of \$30. When arrested he sent a note to Superintendent Allen of the Newark police department appraising him of the situation. Superintendent Allen advised the marshal to give the prisoner a chance to get out of town in the morning. Sheriff Moore recognized in the prisoner a man who had marched with the strikers and was one of the principal agitators in urging the men to acts of violence, and the sheriff immediately added to the charge of robbery the charge of inciting riot. The prisoner was brought before Judge Bradley and gave bonds for his appearance at the district court.

## The Last of Earth.

LONDON, Aug. 19.—The obsequies of the late Cardinal Newman at the Roman Catholic cathedral at Birmingham, took place today. Although admission was by ticket, the immense edifice was crowded with a distinguished congregation. Cardinal Manning had been invited to preach the funeral sermon, but owing to his advanced age and feeble health he was compelled to decline, and his place was taken by Right Reverend Monsignor Clifford, bishop of Clifton. Solemn pontifical high mass was celebrated. Monsignor Slator, the special representative of his Holy Pontiff, being the celebrant. The interment will take place in the vault beneath the chapel of Saint Philip of Neri.

## The L. S. E. Co.

The annual meeting of the Lake Superior Elevator company is being held this afternoon. The principal business to be transacted is the election of directors for the ensuing year, and it is not probable that there will be any change from the old board.

What Kraus's Headache Capsule Aids. These capsules were prescribed long before the days of antipyrine—which, as is well known, has a depressing influence on the heart and causes a derangement of the kidneys. No drug should advise or recommend the use of antipyrine any more than chloroform, morphia, etc., unless under the directions of a physician. Every box sold on a positive guarantee. For sale by all leading druggists; 25 cents a box.

We are binding "The Battles and Leaders of the Civil War" in morocco with marble edges at \$1.50 per vol. THE HERALD BINDERY.

## ESCAPE OF THREE "KIDS."

They Are Adrift for Nearly 24 Hours on Lake Superior.

After Swimming all Night Are Picked Up By a Vessel.

ASHLAND, Aug. 17.—(Special to The Herald.)—Three boys, James and Willie O'Brien and Frank Gallagher, Sunday afternoon launched a small row boat on the shore of the bay at this city, and had propelled it with a pair of paddles to a point three-quarters of a mile from the shore, when one of those sudden, violent squalls for which certain parts of Lake Superior are noted struck them. They lost their paddles and the boat began to fill with water.

Jim and Frank, aged respectively 8 and 10 years, jumped into the water on either side of the boat and each of them put one hand on the gunwale, paddling with the other while Willie, who was only 7, bailed the water out with his hat. Night came on, black and stormy, and for sixteen hours the boys swam. They called for help time and again, but their voices were lost in the roar of the sea. About 4 o'clock Monday morning, the boys drifted past a light which they thought indicated a residence near by; when they learned a minute later that it was a vessel, they were in despair, but paddled on. In the morning, about nineteen miles out in Lake Superior, they were sighted and picked up by a passing schooner.

The vessel arrived here this morning with the boys aboard, and their parents, who had given them up for lost, were overjoyed at their return. It is one of the narrowest escapes on record and that the young boys, after being in the ice-cold waters of Lake Superior for nearly twenty-four hours, should have without the cold and storm is astonishing to all who know the perils and but-fets they were subjected to.

## Notes of Issue.

The following notes of issue have been filed with the clerk of the district court. The Duluth Land & Warehouse company vs. the Duluth Terminal railway. Frank Peterson vs. Paul Sherry; Thos. Collier vs. Olaf P. Stenson et al.; Anne M. Olson vs. H. C. Olson; C. Nelson as receiver of the estate of T. B. Perry vs. T. O. Hall; Morris Thomas vs. Herman Kujala. Saturday will be the last day for filing notes of issue, and attorneys desiring their names to appear on the calendar of the September term will please notify the clerk of the district court.

## Disastrous Fire in a Mine.

SCRANTON, Pa., Aug. 19.—The Delaware, Lackawanna & Western company's central breaker was burned last evening, losing \$10,000. About 600 men and boys are thrown out of employment. The men and mine in the mine at the time the fire broke, were rescued by means of the air shaft and slope.

Prospects Poor For South Dakota Till It Has Irrigation.

Wheat opened firm with buyers at last night's closing quotations and sellers few. The first trading was for September at 1/2 above yesterday's closing figures. The market ruled very dull but extremely firm, with rapidly-advancing tendencies. The volume of business was small. Cash wheat was strongly held, none pressing for sale.

## AS TO WHOLESALING.

A Great Merchant has Thoughts on Duluth as Jobbing Center.

What Marshall Field & Co. May do; The Fair's New-est Site.

H. M. Higginbotham and son, who have been hunting and fishing about Duluth for a week or more returned to Chicago last night. Mr. Higginbotham is a partner of Marshall Field in what is the largest wholesale dry goods house in America, and he talked a few lines to a Herald reporter on the possibilities of wholesaling at Duluth.

Mr. Higginbotham knows a good thing when he sees it and was impressed with Duluth as a location for a great wholesale trade, but he did not think it compared with Chicago. Said he: "You have as cheap rates from the East as we, and you are a great deal better off than St. Paul or Minneapolis, but you haven't got the country yet. You haven't got the people back of you in your own unfavorable field to make a great effort. Of course as you get new roads and a greater settlement in regions that cannot be reached so cheaply from other places, you will beat the West as a jobbing center. What may come in a year or two."

"But you ought to lead St. Paul, and you would beat for one thing. They have large firms and lots of capital, and all the lines are represented. You have only two, and Duluth can never attract business to those two until other lines, especially dry goods, are represented. You get dry goods and the other lines will come. I understand that a well-known Bay City man is here looking into the prospects of starting a house in our city."

Mr. Higginbotham enlarged particularly over the future beauties of the city and over what it might become a possible commercial center. He did not say so, but the intention was conveyed that one object of his visit was to look over the ground with the object of putting a branch house of Marshall Field & Co.

## THE WORLD'S FAIR.

An Official Talk of Its Probable Success or Failure.

Commenting on the dispatches sent out from Chicago yesterday regarding the World's fair, and predicting a possible failure of the enterprise because of mismanagement, Mr. D. H. Lamberson, a gentleman closely identified with the management of the fair and at present visiting the city said this morning:

"The dispatch referred to was evidently wired by one unfriendly to the World's fair and its management. The statements made therein are unwarranted by facts. That the directors are meeting with some embarrassments in the selection of a site is only what might be expected when you take into consideration the intricate nature of the problem which they are surrounded. The question of site is all important. It now appears that Jackson park has gone by the board and what is known as the North Shore site will be selected."

"President Rogers is understood to favor this site, as well as the majority of the national commission. The site will eventually be chosen I believe. It comprises 90 acres of high and well drained land, and is beautiful, and is situated on the north shore, on which it has a water frontage extending over a mile. The site is a strong card in its favor, being only four and a half miles from the city and a mile and a half from the center of the city. It is a beautiful site, and it is a beautiful site, and it is a beautiful site."

"Besides the transportation facilities mentioned, the site will have a connection with all the lines of railroad entering in Chicago, and it is a beautiful site, and it is a beautiful site, and it is a beautiful site."

"The location on the north side would satisfy the west side, and it is a beautiful site, and it is a beautiful site, and it is a beautiful site."

"The fair will be a success, and it is a beautiful site, and it is a beautiful site, and it is a beautiful site."

## TO CONCLUDE.

The Democratic Committee Meets to Decide.

Capt. James A. Farrell, chairman of the democratic county committee has called a meeting of the committee to be held tomorrow afternoon at 3 o'clock at the rooms of R. N. Marble in the Ferguson building, to decide upon a date to holding the county convention.

The members of the committee are as follows: First ward, F. L. Ryan; Second ward, Alfred Jacques; Third ward, J. A. Farrell; Fourth ward, Simon Clark; Fifth ward, J. J. Crowley; Sixth ward, W. P. McFarley; Seventh ward, E. H. Hall; Eighth ward, M. E. Chambers; Tenth ward, A. G. Grier; Eleventh ward, Ely, not represented.

The tourist travel Duluthward will amount to fully one-third more this season than last. Though the hotels insist they have not been crowded at any time this year, and they probably have not, if the use of every high-priced room in the meaning of the tourist is taken into account, the fact is that the tourist has been obliged to resort to the hotels.

## A TRIP FOR THE THOUGHTFUL.

The Rev. Dr. H. G. Weston, president of Crozer Theological seminary, Pennsylvania, will lecture at the First Baptist church tomorrow (Thursday) evening. His subject will be "Luther's Gospel." All are cordially invited. The Sunday school teachers and the members in general will be greatly profited by attending. It is expected the doctor will preach to the First church people on Sunday morning.

## U. S. STATES GEOLOGICAL SURVEY.

Professor W. R. Hoag of the state university started from Minneapolis yesterday in charge of the expedition of the United States Coast and Geodetic survey. The expedition, in accordance with instructions from the department, strikes up the St. Croix river toward Duluth, exploring and reconnoitering for heights of land by means of which the triangulation may be extended in that direction.

## PLANS ARE DRAWN.

Possibility of Another Large Flour Mill at Rice Point.

Plans have been drawn for a large flour mill, which it has been proposed to build on the east side of Rice Point, far from the site of the Gilbert mill. The plans call for a mill about the size and capacity of the Imperial mill, whose wonderful success has had a great deal to do with the move for a second mill, and it will be in every way most excellent institution.

As the details have not been completed, and as there is yet no certainty that the scheme will mature, though a large share of the capital required is a ready cash, it would obviously be imprudent to say more on the subject at present. It is to be hoped that the scheme may go to completion, as additional mills would be of great assistance to the two already here in making Duluth a large flouring center.

## AN EMPLOYMENT DEPARTMENT.

The T. M. C. A. and Its New and Enlarged Practical Department.

The employment department of the Young Men's Christian association has been organized about two months, but owing to the illness of the chairman, C. E. Dall, and the fact that few people know of its existence, little has been done. About a dozen applications have been received, but as they have not been of men of experience (and of the sort desired by those who happen to be in need of jobs), no places have been secured for them.

The manner of conducting this department is as follows: Blankets for applicants to fill out are kept and then a blank is sent out to the references given by the applicant. If the information is satisfactory, the applicant is called in and when a man is wanted he is shown the information obtained and the employer can use his own judgment as to whether he wants the man or not. The association room is open to all, and the chairman's change has personal knowledge of the character. For applications, the information is kept on file and when a man is wanted he is shown the information obtained and the employer can use his own judgment as to whether he wants the man or not.

## A FATED HOUSE.

The Fire Department Called Out a Second Time by Incendiarism.

About 5:30 this morning a full alarm was turned in for a fire in the house at No. 101 First street. The fire was in the floor of the first story and the house was filled with smoke when the alarm arrived, but the flames were quickly extinguished without much damage. It was one of the latest "stups" of the kind which have been so common in this city for some time.

There is a mystery connected with this fire from the fact that it is the second time in a few days that a fire has broken out in the same place. The first fire was on Monday night, and the second on Wednesday morning.

## A SUCCESSFUL COMEDY.

Parquet, balcony and gallery were crowded last night, and 1200 people laughed themselves hoarse over the comedies of "A Pair of Jacks."

Like the "Dougherty" comedies, "A Pair of Jacks" is simply the title to a piece which gives a glimpse of the life of the people in the lower strata of society. Several songs and dances were introduced in the first act, all of which were well received. The comedy was a success, and it is a success, and it is a success."

### IF YOU WANT

## BARGAINS IN LOTS OR ACRES

Anywhere around the Head of the Lakes be sure and come in and examine our  
lists. We have a very choice selection of acres in the vicinity of the  
new townships of St. Louis and New Duluth.

## WHEELER & WARD, ROOM 4, FARGUSSON BUILDING DULUTH, MINNESOTA.

### LAST EDITION.

### ANOTHER STRIKE IN SIGHT

Chief Sargent Says Another  
Strike Will be Ordered  
Before Long.

Vice-President Webb Does Not  
Appear to Be Greatly  
Frightened.

New York, Aug. 21.—The members  
of the general executive board of the  
Knights of Labor were late in making  
their appearance at the St. Cloud hotel  
this morning. Chief Sargent with his  
companions, Messrs. Howard and Wil-  
son and Seawey, were seen long before  
and at 7:30 left the hotel to take the  
train for Terre Haute.

Mr. Sargent said a meeting of the  
Federation would be held there with the  
undoubted result that a strike on the  
Vanderbilt system would be ordered. As  
he and his three associates had en-  
dorsed the action of the general ex-  
ecutive board of the Knights of Labor, he  
thoroughly believed that the supreme  
council of the Federation would sus-  
tain it.

Vice-President Webb had perused his  
morning mail and had dictated his or-  
ders to his stenographer when a reporter  
called upon him. "What of the strike,  
Mr. Webb?" he asked.

"You know as much about it as I do."

Have you taken steps so far to meet a  
strike if it takes place?

"I am not at liberty to say what the  
company is doing but I presume that if  
a crisis occurs we will be prepared to  
meet it. I am speaking now only for  
the New York Central road."

Mr. Webb added that he did not think  
the freemen would go out in such great  
numbers as had been stated, and he be-  
lieved the other employees of the road  
were not already out, would for the  
greater part remain at their posts; in  
other words, the strike would not be  
nearly so gigantic as the Federation and  
the Knights of Labor would have people  
believe. Mr. Webb did not doubt that  
the supreme council of the Federation  
would call off the men.

Will Demand an Increase.  
CHICAGO, Aug. 21.—Forty delegates,  
representing the Central bridge and  
trainmen, arrived in the city this  
morning for the purpose of holding a con-  
ference with the road officials to demand a  
general increase of wages.

Will Not Come West.  
CHICAGO, Aug. 21.—Mr. John Hall,  
member of the executive board of the  
Federation of Railway Employees, said  
today in reference to the strike on the  
Vanderbilt roads that he did not believe  
the Brotherhood men west. Buffalo  
would be involved, as he thought the  
action to be taken at Terre Haute Sat-  
urday would be only as to the New York  
Central road.

Have Not Been Ordered Out.  
BUFFALO, Aug. 21.—There is no truth  
in the rumor telegraphed from Buffalo  
that the freemen have joined the strike.  
The master of the local lodge of the  
Brotherhood says that not one of them  
but Grand Master Sargent could order  
the freemen out, and no word has been  
received from him.

A CANADIAN COMPLAINT.  
An Order From the Treasury Department  
Causes Uneasiness.

MONTREAL, Aug. 21.—The treasury  
department at Washington has just taken  
an important step, which shows the  
strong feeling that exists against Cana-  
dian concerns. A short time ago, the  
Dominion Cartridge company, whose  
headquarters are in this city, made an  
application through its New York agents  
to Washington for a permit to ship goods  
to Mexico.

The department has replied refusing  
to grant the permit on the ground that  
it was not disposed to extend the bind-  
ing privileges for Canadian goods that  
they were offering to other countries.  
This action, taken in connection with  
Secretary Windom's recent decision re-  
garding the binding privileges, is sig-  
nificant, and is likely to create quite  
a stir.

The matter has been privately brought  
to the attention of the minister of cus-  
toms, and the Canadian government is  
now considering it. It is said that the  
course pursued by the American author-  
ities is due to the influence of an Ameri-  
can cartridge trust, which in the rival of  
a Canadian concern.

There were rumors tonight that the  
action of the American authorities in  
this case foreshadowed a general action  
against Canadian binding privileges, and  
there is great uneasiness in railway  
circles.

GAVE THEM THE LAUGH.  
The Manner in Which Guatemalans Set-  
tled a Stock of Firearms.

SAN FRANCISCO, Cal., Aug. 21.—The  
Pacific mail steamer Colima, which car-  
ried a consignment of fire arms which  
were seized by the Guatemalan soldiers,  
arrived here yesterday. Her officers say  
the seized arms consisted of twenty-five  
cases of Winchester rifles and twenty-  
five cases of cartridges consigned to An-  
tonio Salvador.

When the steamer arrived at San Jose,  
the Guatemalan authorities boarded her  
and threatened that if the arms were not  
given up the steamer would not be al-  
lowed to sail. A compromise was af-  
fected by which the arms were to be  
put in a lighter and transferred to the  
steamer City of Sydney, and the rifles  
were to be shipped at San Francisco. As  
soon as the arms had been put on board  
the lighter, the armed Guatemalan crew  
came off in a boat and made a formal re-  
quest of the lighter and its contents. The  
officers protested against this breach of  
faith but the Guatemalans only laughed  
at them.

A State Canal Convention.  
BUFFALO, Aug. 12.—A state canal con-  
vention has been called under the aus-  
pices of the Canal and Harbor Pro-  
tection union of New York, at Stephens  
hall in this city, on Sept. 25, to demand  
of the legislature liberal action for the  
purpose of deepening the canal and com-  
pleting the lengthening of locks on the Erie  
and Oswego canals, also to develop the  
relief from the backwater port charges  
at Buffalo and New York, and to prevent  
railroad corporations from discrimi-  
nating against merchants and shippers who  
find it advantageous to use the state and  
national free waterways.

### VISITORS FROM WINNIPEG.

Complimentary Excursion to Duluth Ten-  
dered by the Northern Pacific.  
WINNIPEG, Aug. 21.—The Northern  
Pacific intends giving a complimentary  
excursion next Tuesday to Duluth and  
St. Paul. The party will be made up of  
members of the Winnipeg city council,  
members of the board of trade of Win-  
nipeg and Portage La Prairie and the  
Brandon civic officials and members of  
the press. Four sleeping cars will be  
provided for the party, which will leave  
here on Tuesday morning next for Du-  
luth. The day will be spent at that city  
and the party will proceed to St. Paul,  
where another day will be spent, and  
then the travelers will return home.

### A GALA DAY.

Formal Opening of the Blue Grass Palace  
at Creston, Iowa.  
CRESTON, Iowa, Aug. 21.—The Blue  
Grass palace of 1890 was formally opened  
today by Governor Boies, the ceremonies  
being prefaced with music, the banding  
of the keys to the governor, and his ac-  
ceptance of them with an oration. Presi-  
dent Harrison, Governor Francis of  
Missouri, Phil of Illinois and Campbell  
of Ohio, who had been invited to be  
present, sent their regrets.

The present building is three times as  
large as the one last year. The audi-  
torium has a capacity for 2500 people,  
while all around are numerous booths  
for the sale of goods. A novel feature was  
the balustrade on top, running from north  
to south, 200 feet. From this thousands  
of spectators, who filled the track, which  
will be the scene in a few weeks of  
a notable meeting of the Great West  
race circuit, and for which preliminary  
aggregating \$15,000 are offered.

Strenuous efforts will be made to in-  
crease President Harrison to visit the  
place next month. During the season  
there will be numerous concerts, to  
be given with special reference to  
distinguished orators and clergymen.  
Roger Q. Mills is announced as one of  
the attractions for next week.

### \$7,000 Given; Wife, Too.

ELIZABETH, Aug. 21.—A Scotch-  
man of 614 East Seventeenth street, New  
York, was here today looking for his  
wife, who ran away with his money.  
He had been married seven years. He  
had such confidence in her that he de-  
posited the money in her name. They  
have been married seven years. He  
found no clue to his wife, but dis-  
covered that she had come here last Jan-  
uary with a man named Earl Bessie, and  
had been married to him by the Rev.  
Christian Fisher, of the German  
Lutheran church, and for which premar-  
tal agreement of \$7,000 was made. He  
believes his wife has gone with Bessie.

### Wisconsin Republican Ticket.

MILWAUKEE, Aug. 21.—As was ex-  
pected, the republican convention yester-  
day recommissioned Governor W. D.  
Howard. The convention for the nomi-  
nation of the ticket was rather sharp, the  
fight over the nomination for treasurer  
being the most interesting feature. The  
ticket was as follows: Lieutenant Gov-  
ernor, F. B. Treut; treasurer, A. B.  
Henderson; speaker, E. J. Jones; Sen-  
ators, David Schreiner and Lyman E.  
Brim; insurance commissioner, David  
L. Smith; and platform committee, J.  
J. Connelley.

### Not Exclusively Irish.

ST. LOUIS, Aug. 21.—The sessions of  
the twenty-first annual convention of the  
Irish Catholic Benevolent union of the  
United States, which opened yesterday  
afternoon, were resumed this morning.  
The most important subject to be con-  
sidered is the proposition to change the  
name of the association by eliminating  
the word "Irish" and thus have it known  
hereafter as the Catholic Benevolent  
Union to which Catholics of all national-  
ities will be eligible for membership.

### The First State Convention.

BOISE CITY, Id., Aug. 21.—The first  
republican state convention ever held in  
the state of Idaho assembled here yester-  
day. Fred E. Dubois, chairman of the  
state central committee, called the con-  
vention to order. E. B. Wheeler was  
chosen chairman. The committee were  
appointed and the convention took a re-  
cess until evening, when the session  
resumed. The following officers were  
elected for the ensuing year: Presi-  
dent, E. J. Jones; vice-president, S. A. Hutchinson;  
secretary and treasurer, W. C. Colburn;  
clerk, C. J. Smith. The next annual  
meeting will be held at the inn on Look-  
out mountain, Chattanooga.

### Passenger Agents Elect Officers.

BUFFALO, Aug. 21.—The Traveling  
Passenger Agents association met this  
evening for their annual business meeting.  
The following officers were elected for the  
ensuing year: President, E. J. Jones;  
vice-president, S. A. Hutchinson;  
secretary and treasurer, W. C. Colburn;  
clerk, C. J. Smith. The next annual  
meeting will be held at the inn on Look-  
out mountain, Chattanooga.

### Charges of Corruption Denied.

CHICAGO, Aug. 21.—Mayor Cregier  
and Chief of Police Marsh today filed an  
answer to the sweeping charges of Cor-  
ruption of the West Side track. In gen-  
eral the charges of corruption and affilia-  
tion with the gangster made by Cregier  
and Marsh.

### The New Cruiser's Fast Time.

SAN FRANCISCO, Aug. 21.—The new  
cruiser San Francisco, during a prelimi-  
nary trial trip on the bay yesterday, de-  
veloped the highest rate of speed, which  
she has yet attained. With 120 pounds  
of steam and 120 revolutions per hour  
she was at the rate of 19 1/2 knots per  
hour, which is three-quarters of a knot over  
contract requirement.

### Saratoga Races.

SARATOGA, Aug. 21.—First race one  
mile King Crab won with Drizzle sec-  
ond and Ben Harrison third. Time,  
1:43 1/4.

Second race, six furlongs: Cliffrace  
first, National second, Montezuma third.  
Time, 1:16 1/4.

Third race, one mile and one-sixteenth:  
Gymnast first, Offshore second and Maid  
of Orleans third. Time, 1:50 1/4.

Fourth race, one mile and one-eighth:  
Redfire first, Simola second, English  
Lady third. Time, 2:03.

### Congressional Nominations.

CLAY CENTER, Kan., Aug. 12.—John  
Davis was nominated yesterday for con-  
gress by the people's convention for the  
Fifth district.

CARTERSVILLE, Mo., Aug. 12.—The repub-  
lican convention for the Twelfth district  
yesterday nominated W. B. Lewis, a  
prominent farmer, for congress.

HOUSTON, Tex., Aug. 12.—A big list  
of investors who want good property.  
List with us.

322 and 323 Palladio.

### A GENUINE SURPRISE.

The Galleries of the Senate  
Chamber Crowded With  
Spectators.

But the Fight They Longed  
For Did Not Ma-  
terialize.

WASHINGTON, Aug. 21.—Great surprise  
was occasioned by the failure of the Sen-  
ate this morning to take up the Quay  
resolution fixing an order of business.  
It was not only a surprise to the pub-  
lic, who filled the galleries, and to the  
newspaper men, many of whom were  
here to report the progress of the dis-  
cussion, but to many of the senators,  
who fully expected the debate of yester-  
day to be resumed. Senator Quay,  
when asked the reason for the postponement, said:

"Some of our friends thought it best  
not to take it up today. I shall, how-  
ever, call it up tomorrow."  
For a moment it was believed that  
Senator Mendenhall would say it  
was best to be left, there was any  
question to be done among the repub-  
licans, to do it in private and not in pub-  
lic. "That means a caucus," was sug-  
gested.

"Not necessarily," he responded, "but  
a conference may be held."

Immediately after the tariff bill was  
taken up Senator Quay began reading a  
speech, republican senators deserted  
their seats and gathered in groups to dis-  
cuss the situation. What, if anything,  
will be done is a matter of conjecture,  
but it is evident that an earnest effort is  
being made to agree upon an order of  
business that can be supported by the  
whole republican vote.

### The Senate Proceedings.

WASHINGTON, Aug. 21.—The senate  
this morning, after spending some time  
considering the Quay resolution, which  
prohibiting liquor selling or drinking in  
the senate wing of the Capitol, took up  
the tariff bill. Nothing was said about  
the Quay "order of business" resolution,  
debate on which began yesterday.

### The Crow Reservation.

WASHINGTON, Aug. 21.—The senate  
yesterday passed the house bill which  
authorized the opening to settlement of  
the Crow Indian reservation in Montana.  
If the bill becomes a law, it will allow  
70,000 acres of land will be opened up.  
Much of this is supposed to contain val-  
uable mineral deposits. Among those  
who have been at work to secure the  
opening of the reservation are Minne-  
sota and other western states. The bill  
provides that the land shall be opened  
along the southern border of the reser-  
vation, and have been waiting for the  
approval of the act to run upon the  
reservation.

### His License May Be Revoked.

WASHINGTON, Aug. 21.—Inspector Gen-  
eral Dumont is anxiously awaiting the  
official report of the board of inquiry into  
the alleged case of the late Cardinal New-  
man, who was charged with having  
been guilty of the crime of bigamy. From re-  
marks made in the department, it is ex-  
pected that the board will recommend  
that the license of the late Cardinal be  
revoked. The board's action is being  
watched with interest by the public.

### GRANT'S TOMB IS SACRED.

The Monument Association Protests  
Against the Removal of the Body.  
NEW YORK, Aug. 21.—At a meeting of  
the executive committee of the Grant  
Monument association held yesterday  
the following resolutions were adopted:

"Whereas, the members of the Grant  
Monument association deplore the removal  
of the body of General Grant from the  
site of the monument, which, if carried  
out, would result in the removal of the  
remains of the late General Grant from  
the spot approved by him, and de-  
clared by the city of New York and de-  
clared by his family as his final resting  
place, and

"Resolved, That this committee would  
respectfully call attention to the fact that  
the remains of General Grant were formally  
deposited in the monument, and that the  
removal of the body of General Grant from  
the spot approved by him, and de-  
clared by the city of New York and de-  
clared by his family as his final resting  
place, and

"Resolved, That this committee would  
respectfully call attention to the fact that  
the remains of General Grant were formally  
deposited in the monument, and that the  
removal of the body of General Grant from  
the spot approved by him, and de-  
clared by the city of New York and de-  
clared by his family as his final resting  
place, and

### GRANDPA'S MEDAL.

President Harrison Seen His Distinguished  
Ancestor's Medal For the First Time.  
PHILADELPHIA, Aug. 21.—Previous to  
going to Camden to take the train for  
Cape May yesterday, President Harri-  
son and Gen. Sewell called at the mint  
and were shown all over the building.  
Major Palmer, one of the head officers at  
the mint, asked the President if he  
would like to see his distinguished  
grandfather's medal.

"What medal is that," asked President  
Harrison.  
The one struck off in commemoration  
of President Harrison, answered Major  
Palmer.

"I would be very much pleased to see  
it," said the President.  
The party was conducted to the cabinet  
room and there President Harrison saw  
for the first time the official  
memorial of his distinguished an-  
cestor.

### Removal of Another Cyclone.

PORT WATNE, Ind., Aug. 21.—It is re-  
ported here that a cyclone early this  
morning struck at a point six miles east  
of Fortoria, Ohio. The wires in the  
vicinity are all down and no particulars  
are known. It is reported that the  
cyclone struck at a point six miles east  
of Fortoria, Ohio. The wires in the  
vicinity are all down and no particulars  
are known.

### Don't You Know

That we can sell your property to a bet-  
ter advantage than the average real  
estate dealer? Because we have a big  
list of investors who want good property.  
List with us.

322 and 323 Palladio.

### CANADIAN PHOSPHATE FIELDS.

The Trust Finds Trouble in Raising Funds  
Enough to Control Them.  
OTTAWA, Ont., Aug. 21.—Minister of  
the Interior Dewdney arrived home yester-  
day from his trip to the Pacific coast  
through Manitoba and the Northwest.  
He reports excellent crops, an entire ab-  
sence of frost and business brisk in an-  
ticipation of a big harvest.

It is reported that the owners of the  
phosphate lands in this vicinity have  
not yet been able to complete the sale of  
their property to the great \$5,000,000  
phosphate trust which was organized in  
London some time ago, for the purpose  
of buying phosphate interests in the  
South, in Canada and in other places.

Enormous tracts of this land lie in the  
United States and it is understood that  
a large portion of the best phosphate  
territory in eastern Canada was sold to  
the trust.

The Duke of Westminster, Portland  
and Sutherland, the Duke of Fife and  
other names high in English nobility  
are interested. A remarkable feature  
of the transaction was the enormous  
sum of money advanced by the trust  
phosphate lands which are now held at  
enormous prices.

A report received here states that the  
only \$2,000,000 of the trust \$5,000,000  
required have been applied heretofore. Some  
investors, however, doubt whether the trust  
is actually able to raise the money.

### The Report continued.

BREITEN, Aug. 21.—The ship of Sierra  
Leone, who is at present sojourning in  
Switzerland, has received news con-  
firming the reports of the death of Al-  
bert and Auguste and Mrs. King.  
Queen members of party of misadventure  
which left the road to Sierra Leone a few  
months ago, with the object of teaching  
in the Sudan. They used at Sierra  
Leone, from Africa, never.

### Strangled in Prison.

LONDON, Aug. 21.—A dispatch to The  
Daily News from Kitzbuhel says that  
the government is supplying the Kurus  
with arms. The Kurus have been  
have cut the telegraph wires. Four Ar-  
menians who had made themselves ob-  
jectable to the authorities were  
strangled in prison.

### To Suppress Cholera.

LONDON, Aug. 21.—The French govern-  
ment has accepted the Italian gov-  
ernment's proposition for a convention  
to suppress cholera. The convention  
will be held in Rome. The object of  
the proposed convention is the suppression  
of cholera.

### Peace Declared.

PARIS, Aug. 21.—The Guatemalan leg-  
ation has received a cable dispatch an-  
nouncing that Guatemala has signed a  
peace with Salvador.

### Mass for Cardinal Newman.

LONDON, Aug. 21.—A requiem mass  
for the late Cardinal Newman was cele-  
brated in the Exmouth oratory yester-  
day. Cardinal Manning delivered an ad-  
dress.

### A Loan Offered.

MONTREAL, Aug. 21.—It is reported  
that a French syndicate has offered a  
loan to the government of the province  
of Quebec to the amount of \$1,000,000.  
The loan is offered on the condition  
that the government will guarantee the  
interest on the loan.

### Eight People Drowned.

LONDON, Aug. 21.—A sad accident has  
occurred at Conway in Wales. A boat  
containing eight persons was swamp-  
ed in the river and all its occupants were  
drowned.

### German Miners' Congress.

BERLIN, Aug. 21.—The German min-  
ers' congress will meet at Halle on Sept.  
15, and the sessions will continue to  
Sept. 20.

### Many Were Injured.

PARIS, Aug. 21.—The government has  
sent relief to the victims of the great  
storm on the southeast part of France.  
The latest reports are that a large num-  
ber of persons were injured.

### ANOTHER ORGANIZATION.

German-American Citizens League for  
Mutual Protection.  
CHICAGO, Aug. 21.—An important  
conference of German-American dele-  
gates from Mutual Benefit, Turner and other  
lodges and workmen's societies will  
open here this evening for the purpose  
of formally bringing into existence  
the German-American Citizens league for  
mutual protection. The object of the  
association will be to protect German-  
Americans of the country against the  
various temperance movements that aim  
toward the curtailment of their liberties,  
to assist upon the retention of German  
teaching in the public schools, to auto-  
nomize the trusts and monopolies already  
organized and other American systems  
of plutocracy, and to protect against the  
unfairness of certain English newspapers  
that are opposing a free and unrestricted  
immigration which is a system of know-  
nothingism pure and simple. The docu-  
ment favor the revision of compulsory  
education laws, so as to leave the lan-  
guage of instruction optional, favors the  
observance of the Sabbath as practiced  
in the continental Europe, and de-  
mands the restriction of the wholesale  
importation of contract labor, which if  
permitted longer to continue, would re-  
duce the standard of American wages.

### Down an Elevator Shaft.

CINCINNATI, Ohio, Aug. 21.—A shock-  
ing elevator accident occurred this fore-  
noon at the office of the Times-Star.  
John Moir, aged 15, started to go down  
the elevator from the composing room to  
the first floor with a form. He stepped  
backward into the elevator shaft, expect-  
ing to find the elevator platform there.  
Instead it was at the bottom, and he fell  
from the sixth floor to the bottom and  
was instantly killed.

### Wagon Road to Bay View Heights.

The growth at the new suburb has  
been so rapid during the past few  
months that a new and better wagon  
road is found necessary between West  
Duluth and Bay View Heights. The Bay  
View Land company has now a force of  
men grading a road from the top of the  
hill to West Duluth, following the line  
of the incline road. It will be com-  
pleted as soon as possible and will be  
much appreciated by the residents of  
Bay View Heights who own their own  
horses and carriages.

### The Democratic Convention Called.

The call for the county convention was  
issued by the county committee this  
afternoon at 3:30. The delegates in at-  
tendance were: Capt. James Farrell,  
chairman; H. H. Owsen; James  
Ch

SAUCE FOR THE GANDER.

What measure of sympathy the English hold against the McKinley bill is meeting in English colonies that have been lying under the heel of English home policy is well shown up in the columns of the leading newspaper of Jamaica, The Colonial Standard.

Jamaica Despatch, forwarded to The Herald by the courtesy of the United States consul at Kingston. All over the face of Jamaica a broad chuckle is spreading at the expense of the step-mother country, which, since the memory of man, made no scruple of sacrificing the interests of her dependents to her own.

Our own country struggled out from under this unscrupulous policy and is now in position to run her own business in her own way.

Hence the English howl to which the step-children still under her heel rejoice with undisguised satisfaction, "what is sauce for the goose is sauce for the gander."

Witness the Jamaica Despatch, which remarks pithily: "Through the McKinley tariff bill, the prohibitory provisions of which are directed against the great manufacturing countries of Europe, does not directly affect the trade or industry of this colony. It is not devoid of interest to the inhabitants of those West India communities who have long suffered by the operation of the obnoxious sugar bounties. But very little sympathy is felt here for the piteous howl of denunciation which the new tariff bill has been greeted by the great manufacturing centers in the mother country. It has been cynically remarked that it is really surprising with how much equanimity we can contemplate the misfortunes of our friends, and the equanimity is doubtless more conspicuous when we account of the extreme indifference with which our own similar misfortunes are regarded by our friends. The air of virtuous indignation which English free traders assume when they denounce a foreign tariff system which handicaps their own manufacture is a sight which must excite the admiration of gods and men, more especially when this hot excitement is contrasted with the callous indifference with which most observers there regard the serious effects of a similar policy on a great colonial industry. By tolerating the export bounty on sugar, England is virtually supporting a system of protection in her own ports in favor of foreign producers and to the grievous injury of her own colonists."

Thereupon the Despatch proceeds to point out the effect of the persistent disregard of colonial interests, although the most prominent members of both political parties in England have acknowledged the unfairness of it, and then sums up with its plain home truths: "It is possible that the McKinley bill may be withdrawn or considerably modified, but if this takes place it will not be due to the effect of the earnest denunciations and protests of English free traders. At the meetings in the north of England, the several speakers, before proceeding to denounce the bill, generally indulged in a flowery and somewhat fulsome reference to the ties of race, religion, and political sympathy that unite the two branches of the great Anglo-Saxon race charged with the pleasant destiny of possessing as well as Saxons the whole world. This is all very fine, but, even as complimentary tinsel, it is a little too thin. In good, grasping, suspicious qualities, the two representative members of the Anglo-Saxon family are very fairly matched. The proof of this, judging, however, is said to be in the eating, and the American member has, in the results of his fiscal policy, decidedly got the better of his English brother or cousin."

"John Bull is an obstinate though not very consistent free trader; Jonathan is an enthusiastic and very consistent protectionist. Free trade at first suited John very well, because the proximity of his great coal and iron fields, together with his naval supremacy and central position gave him a tremendous advantage over all the other nations of the earth. And, if the world, as John anticipated, had decided to join the free trade persuasion, John would have continued to hold the vantage-ground. But the other nations—and more especially the United States—were very obscure and wicked, and decided to oppose to free trade principles. Instead of adopting the free trade creed, they started an opposition shop. By a system of well considered, carefully planned and deliberately executed protective tariffs, they moved and gradually perfected great local industries which made them in a large degree independent of the English producer. The consequence is that, at the present time, the protectionist producers of the United States and of the great commercial European countries are not only safe in their own markets, but are in a position to invade the markets of England. American cotton competes with English cotton in the markets of Manchester, and Belgian iron is imported for the construction of railway stations in the very heart of the principal iron district of Scotland."

What will the free trade groans of this

country think of the situation thus viewed through independent glasses?

The plans for the projected flour mill on Rices Point, referred to in these columns a few days ago, are now completed. They show a magnificent mill. It is to be earnestly hoped that this project may be carried through to success and another "imperial" mill add a gem to Duluth's industrial crown.

The Ashland Press is hopeful. It wants to see the Prentice suit, which some Duluth people may still recollect, won by the plaintiff, for no other reason, The Herald hopes, than that Mr. Prentice is a quasi-Ashlander.

It comments on the satisfaction felt in Duluth over the complete knockout given Prentice in the United States courts lately, and says: "Mr. Wilson, like the Duluth papers, is crowing a long time in advance of getting out of the woods. This famous case will be heard in the highest court of the land and The Press predicts that Mr. Prentice will win yet." We are glad to see The Press stand courageously by its convictions, but we will wager the circulation of The Duluth News against "wrecker" that the Prentice ghost will be worse knocked out in the supreme court than it was in the circuit or than in the supreme some years ago.

The increasing need of money in the West to care for the now marketing produce at its constantly advancing prices has had much to do with the severe financial stringency reported in the telegraph report of yesterday. It is pleasant to see that Secretary Windom and the administration have a due sense of the needs of the hour and have taken steps to relieve the stringency. Yesterday afternoon after consultation with the President the secretary of the treasury issued a circular offering to take up at once \$15,000,000 of the 4½ per cent bonds, paying interest thereon to May 31, 1891, or giving to those who offer the bonds their face value and the interest for nine months, amounting to a premium of 3½. He has been paying 3½, but in the present tight condition of the money market he has reason to believe that he will get the \$15,000,000 for 3½, inasmuch as those who receive the money may at once put it out at 7 or 8 per cent. This plan is not only a saving one to the government, but it is a good investment for the treasury, for it will be taking up the soon maturing debt at a reasonable premium. The thoughtful consideration of the officials must show that we have an administration which thoroughly comprehends the situation.

A FEW WORDS.

There is probably no branch of business so little understood by business men generally, and there is certainly nothing so essential to success in any mercantile or manufacturing enterprise, as advertising. The most successful men in both advertising in newspapers; to one who has any foresight or experience would think of not using newspapers first, and other mediums only as an adjunct. Advertising in one form or another—by advertising in one means of bringing one's business to the attention of the public—costs a great deal of money and probably in no other form of trade is so much cash actually thrown into a useless loss. Therefore these words.

No field is so thoroughly worked and so much ingenuously displayed to induce people to invest money as in the numerous advertising schemes such as clocks, books, hotel directories, maps, and all that ilk, which are generally of but little benefit and often worthless. Thousands of dollars are annually expended even in Duluth in this way and people will patronize them, paying exorbitant prices for some transient benefit; people who would refuse to pay the same for advertising in a local newspaper of established character and of a life enough duration to have proved its character and to have obtained a circulation.

The people who patronize these "fake" advertising schemes, and who are generally in all their other dealings farcical business men, are the first to utter complaints and to weigh against all, even legitimate advertising, when outside parties who understand their business come into their midst, take away their patrons by liberal newspaper advertising. They secure the newspapers because they carry these advertisements for them, and they seem to forget that the press has any power until it is demonstrated to their mind that the very evils they are directly responsible for. Nothing delights wideawake, energetic advertisers so much as to get into a local newspaper where their business is too prominent or indifferent to make use of the newspapers, and when they do, there are no profit and amusement in store for them.

There is no reference like a local newspaper. No business do more to keep up a new and help business; and merchants, above all, should give them the preference. Yet frequently the only return the papers get for their enterprise is depreciation from those whom they have benefited both directly and indirectly. As long as this is the case, newspapers will be prone to welcome newcomers in the field, even if their visits are brief.

FROM "IN BOHEMIA."

John Boyle O'Reilly.

I'd rather live in Bohemia than in any other land.

For only there are the values true, And the laurels gathered in all men's view; The artist of traffic and state are won by shrewdness or force or by deeds undon; Here laurels come to him who has the wit, And the wise of Bohemia are never shrewd. Here laurels come to him who has the wit, And the wise of Bohemia are never shrewd. Here laurels come to him who has the wit, And the wise of Bohemia are never shrewd.

With the names that are writ in the book of fate, And each one bears in mind or hand A pain of the dear Bohemian land.

I'd rather fall in Bohemia than win in another land. There are no titles inherited there, No hold or hope for the brainless here; No gifted dulham native born To make his name with the brainless score; No titles where the brainless native born To make his name with the brainless score; No titles where the brainless native born To make his name with the brainless score.

I'd rather fall in Bohemia than win in another land. There are no titles inherited there, No hold or hope for the brainless here; No gifted dulham native born To make his name with the brainless score; No titles where the brainless native born To make his name with the brainless score; No titles where the brainless native born To make his name with the brainless score.

I'd rather fall in Bohemia than win in another land. There are no titles inherited there, No hold or hope for the brainless here; No gifted dulham native born To make his name with the brainless score; No titles where the brainless native born To make his name with the brainless score; No titles where the brainless native born To make his name with the brainless score.

I'd rather fall in Bohemia than win in another land. ## ANOTHER BIG BANK.

Duluth to Have a Fourth National Bank, \$100,000 Capital.

Several New Companies; The Elevator Law Fuss Once More.

Steps are now being taken by a number of well-known Duluthians, many of whom are heavily interested in mining and railway enterprises, looking toward the establishment of another bank in the city, to be started under the laws governing national banks. It will be a large concern, will have authorized capital of fully \$100,000, and the paid capital at the start will not be more than a tenth that sum. The project is not to start a bank, but to have a bank, and it will have ample business, as they themselves are able to throw it a great deal, and expect the usual amount of outside trade. The bank will probably begin business about the first of the year.

This will make four national banks in the city, as besides the First National and the Bank of Commerce, the Marine will be organized under national laws in a few weeks. It will increase the capital, including surplus, of the banks to well over \$250,000. This bank is so far secured that over \$50,000 is already subscribed towards its capital stock and those who are behind the enterprise are willing to pledge the remainder of the \$100,000 necessary to start on.

It is quite probable that this is not the only new bank which will have before another spring, for at least two parties, one of them from outside the city, are figuring on banks.

**New Corporations.**  
The Duluth Hardware company, with a capital stock of \$10,000, became incorporated yesterday under the state laws. Messrs. Hanchett, Sheldahl and Stevens, of the firm of Hanchett & Sheldahl, W. B. Roberts, secretary, and F. G. Stevens, treasurer. Steps are being taken to form The Lake Superior Mining and Manufacturing Review into a stock company. The paper has been a most excellent one for, and it is hoped to increase its value to an even higher point than now.

**THOSE ELEVATOR LAWS.**  
The Attorney General's Say-So All Right. Says the Elevator Men.

The opinion of the Attorney General, given in North Dakota, upon the constitutionality of the elevator laws of that state is quite favorably regarded by the elevator men. They say that the matter of being made to accept the unremunerative storage rates stipulated by the law, and to fix the difference of No. 1 hard of lower grades at the time of receiving them into store, are the most objectionable features of the law. They say that the law is sustained by the railroad commissioners in declining their points unconditionally, the elevator men have to take out licenses and run as public houses. Under these conditions they are not to take out a license, and if required, and if suit was commenced to compel them to pay a license, this question could be settled in the courts on its merits.

**The Lower Court.**  
Eleven law breakers faced Judge Morris this morning in the municipal court. Nine were charged with drunkenness and two with vagrancy. Edward Hall, for being drunk and disorderly, was fined \$5 and cost. Henry Hietanen, a frequent visitor to the court, was found guilty of being drunk, and was given ten days employment on the street force by his honor. The others were fined the usual \$5 and costs, and all but Joseph Carlson, who paid a license, will have to do gratuitous work for the city on the street.

**A Teachers Institute.**  
The regular fall session of the teachers' institute will open next Monday at Duluth, Detroit, Buffalo and Alexandria. The instructors at Duluth, G. E. Kopper and Miss Mary F. Hall, at Alexandria, C. W. G. Hyde and A. S. Beede. Miss Hall is the lady recently engaged to take the position of principal at Duluth. She comes from Ohio and has had a long experience in the training of teachers. She is highly recommended by a number of the leading teachers in the East.

**Improving Its Tracks.**  
The Duluth & Winnipeg company is employing part of the money it will receive from the settlement of the reservation right of way matter, in ballasting and bettering its tracks to the end of work.

**The Tower Railway.**  
Next Sunday the Tower & Soudan Street Railway company will lay its rails across the Duluth & Iron Range track at Tower, and by Sept. 1 cars will be regularly running.

**Encouragement for the People.**  
So long as the fact of the vitality are capable of being rekindled into a warm and genial glow, just so long there is hope for the weak and emaciated invalid. Let him not, therefore, despond, but derive encouragement from this and from the further fact that there is a restorative most potent in renewing the dissipated powers of a broken-down system. Yes, thanks to its unsurpassed tonic virtues, Hostetter's Stomach Bitters is daily reviving strength in the bodies and hope in the minds of the feeble and nervous. Appetite, refreshing sleep, the acquisition of flesh and color, are blessings attendant upon the reparative processes which this priceless invigorant speedily initiates and carries to a successful conclusion.

**Real Estate Auction Sale.**  
There will be sold at auction, on Saturday morning, Aug. 30, 1890, at the office of Myers, Whipple, 25 foot lots, situated on Tenth street between Tenth and Eleventh avenue east, on the south side of the street. These lots were donated to the Bethel, and are to be sold by it for the benefit of the Bethel, and the entire proceeds of the sale will be devoted to its work.

**Fits, spasms, St. Vitus dance, nervousness and hysteria are soon cured by Dr. Miller's Nervine. Samples free at Max Witt's.**

**Are You Looking For a Home?**  
The building of new houses still goes on, and before now the top of the hill will be studded with many pretty attractive homes. A feature which speaks well for the new suburb, is that the building of homes on Bay View Heights is almost every instance by owners who intend to occupy some themselves and not monthly rentals. This suburb is coming rapidly to the front and already has made more progress in the eyes of the public and convenience of access to West Duluth and the West End. Another season will see

## WEST DULUTH.

Real Estate Excitement Yet; News of West Duluth and West End.

Property values in all parts of the city are rising. Lots in Cremer's addition a little over a half a mile from the steel works have risen considerably. Lots in Milwaukee addition have also risen. The excitement in the Hunter-Market addition continues unabated. Grand avenue lots are especially in demand. Prices all over the city, in especially the west end of town, have stiffened. Everyone looks to a good movement in West Duluth property this fall.

**Notes.**  
The firemen were out last night for practice.

Geo. W. Stevens, bookkeeper for the West Duluth Manufacturing company, has resigned and will go to Missouri to attend to lumber interests there.

The meeting of the democrats was announced to take place Sunday evening instead of Wednesday. It is to be hoped that none of our good ministers have postponed their Sunday evening meetings for the democrats.

The Scandinavian lodge of Good Templars should be in their regular meeting this evening.

N. J. Hendrickson will soon begin the construction of four dwelling houses in the Fifth division.

Judge Brownell went to Waseca and Minneapolis today for a short business trip.

J. W. Phillips is expected to return today from Chicago.

J. C. Perry and family of Washington have rented a house on Second avenue and will become residents of this city.

Mr. and Mrs. L. M. Merriam of Floyd, Iowa, are expected to arrive this evening to visit with their daughter, Mrs. E. D. Abbott.

The father of Charles Kieren, of Marquette, arrived this morning and will stay for some time here.

A. L. Danforth, a cousin of G. F. Danforth of this city and proprietor of a large steam laundry in Minneapolis is here. He brings a steam shovel which will be used here.

Col. Tanner, R. L. Ettinger and other officials of the car works are here today looking over matters pertaining to the building of operations.

C. W. Hoyt has a fine lot of West Duluth real estate for sale. He is also offering a few lots in exchange for car parts and plaster work and to brick and stone mason.

Office rooms, 1 and 2, over Manufacturers bank, West Duluth.

**WEST END.**  
The Herald hopes tomorrow to be able to take a few lines concerning the property which is to be located here. A company has been formed. The names of the members are withheld by request.

At the meeting of the Norwegian Lutheran church the members again held a conference with the West Duluth church concerning the removal of the pastor, Rev. D. A. Smith. It was decided that he should live in West Duluth for one year.

The annual union met last night and initiated several members.

A temperance meeting will be held in the English Lutheran church Monday evening. Special music will be made in the English and Norwegian languages.

**Personal.**  
C. E. Clark, who has been inventing, has returned to his home in Granite Falls.

Mr. A. Knobel with child, left yesterday for the north, and will be in the city again in a few days.

Chas. Richardson has returned from an extended visit to Ramsey, Minn.

Joseph Burns has returned from Tower. He brings five boats with him. Frank Olson will move in a few days to his new place on the corner of Tenth and Eleventh avenues.

Every one who attended the Presbyterian excursion yesterday reported a very pleasant time. About 300 people enjoyed the excursion. The local band, the Savidge and Barker, carried the passengers. Dr. Horace Davis, F. H. White and S. M. Hietanen missed the boat and so chartered the Bruno for the day.

Thomas Clementson of Clevenston, Iowa, came to Duluth on a short visit.

Will Randall has resigned his position with H. H. Bell & Co. to go to the Pacific coast for his health.

Mrs. Rose leaves tonight for Pergus Falls for a short visit.

**A New Law Firm.**  
A. E. McManus, the well-known attorney, moves Monday from the West End to his new quarters in room 407 of the Commercial building. He will enter into partnership with his brother under the firm name of George J. McManus & Co. Mr. McManus is an associate attorney with H. S. Lord.

J. Lindahl & Co. have moved into their new store at 1825 West Superior street, where they will welcome both old and new friends. With every purchase of \$1 they will give a ticket entitling one to a chance for a fine fur or other which they are going to give to their customers.

**The Ladies' Favorite.**  
The newest fashion in ladies' hats will doubtless cause a flutter of pleasurable surprise among the admirers of hats. They are always susceptible to the changes of fashion and the more startling the change the more they are attracted. The latest fashion is a hat with a wide brim and a high crown. It is the only medicine for woman's peculiar weaknesses and ailments, sold by druggists under a positive guarantee from the manufacturers, that it will give satisfaction in every case, or money refunded. Recent private guarantee on bottle wrapper.

## A HUNDRED MILLION SOLD.

The Largest Transfer of Pine Land Made for Some Time.

A Site for Arthur Hill's Moved Mill; A Few Lumber Notes.

One of the largest pine land deals ever transacted in the Duluth district, was completed this morning. The lands in question are situated north of Duluth and contain over 100,000,000 feet of timber. Over \$250,000 was paid for the property. Duluth parties being the purchasers. The lands were not purchased for speculation; on the contrary, it is said that the transfer means the erection of another mill here.

It is stated on good authority that Arthur and Clarence M. Hill, the Saginaw lumbermen, whose intention of coming to Duluth was published a year ago, have practically decided upon the site for their mill at Duluth. The Hills have only one year's sawing at Saginaw, when the pine lands will have been exhausted. They own, as has been said, large tracts of pine in the vicinity, which are extensive enough to furnish employment for a large mill for many years. The Saginaw mill has a capacity of 15,000,000 feet annually and is to be moved here.

"It looks as though," said a Saginaw lumberman, "that within a few months the lumbermen now doing business at Saginaw will have moved to Duluth or vicinity."

The Cranberry Lumber company, Ashland, has sold over 6,000,000 feet since May 15.

Most of the local mills are now in good shape for sawing for some little time, and the danger of a general stoppage is averted.

Cleopatra mills are reported to be turning out an excellent quality of lumber since their start up.

**A BIG FLOUR OUTPUT.**  
The product of the Mills Last Week Was 166,450 Barrels.

Through the liberal use of steam the flour output was increased about 20,000 barrels last week, says The Northern Miller. The aggregate production for the week was 166,450 barrels, against 136,275 barrels the previous week and 102,240 barrels for the week ending May 15, 1889.

Mr. and Mrs. L. M. Merriam of Floyd, Iowa, are expected to arrive this evening to visit with their daughter, Mrs. E. D. Abbott.

The father of Charles Kieren, of Marquette, arrived this morning and will stay for some time here.

A. L. Danforth, a cousin of G. F. Danforth of this city and proprietor of a large steam laundry in Minneapolis is here. He brings a steam shovel which will be used here.

## LAST EDITION.

## THE STRIKES ARE RIFE.

Still Trouble on Vanderbilt Roads; A Ticklish Situation.

In Chicago; On the Pan Handle; And Many Others.

TERRE HAUTE, Ind., Aug. 23.—Frank Sargent, president of the council of the United Order of Railway Employees, and Eugene Dole, secretary of the order, were busy at work in their office at 10 o'clock this morning. They were getting things in shape for the meeting of the council which was set for 10 o'clock this morning. At the same hour the other ten members of the council—Hanshan, Howard, Lovejoy, Wilkeson, Sheehan, Nelson, Morrison, Sweeney, Downey and Hall—were fortifying themselves for the day's work by partaking of a healthy breakfast.

Interviews with some of those gentlemen show that movements that will open the eyes of the whole country are on. They will decide as soon as possible whether or not the greatest strike the United States has ever seen will be inaugurated. They express the wish that nothing shall be done hastily, that every phase of the situation shall be discussed by them with the utmost deliberation.

Mr. Sargent says that people of the country should understand thoroughly just what the power of this council is, and that the momentous question will be brought before the council.

It is thought in Terre Haute that there will be a great strike, but this is only an opinion and nothing has been learned until the deliberations of the council come to an end. When the conclusion will be reached is something that cannot be speculated upon now. It may be a day or three days.

At 12 o'clock the council was still in secret session and the signs were that an earnest debate was in progress. In answer to a question by an Associated Press representative, Mr. Sargent said the deliberations of the council were not yet at an end and that nothing had been given out until a conclusion had been reached.

This morning, secretary Hayes, of the general executive board of the Knights of Labor made the following statement: "It is a very strange thing that Mr. Webb should only now say that the Knights discharged from the employ of the road were discharged for drunkenness, incompetency and insubordination. It is a fact, it is a case for arbitration and one that the state board should take hold of. But we know that there is not one word of truth in what Mr. Webb says."

Mr. Webb positively denied that there was any truth in the report that Mr. Depew would sail today from Southampton for home. "I have heard nothing from him, and do not expect him until the latter part of September, the time he arranged to return."

At 130 o'clock Secretary Dole said also that it would probably be 5 or 6 o'clock before the council adjourned. Whether the adjournment would be final or not, he could not state.

**The Split Grows.**  
New York, Aug. 23.—Mr. Powderly this morning said as Chief Arthur's statement that he could not answer a letter which had not been addressed to him personally, but which had been given to newspapers. "Mr. Arthur never answers my communications. He has never shown a disposition to meet me." It was apparent that the executive board has not yet formulated a plan of the strike.

**And Now the Miners.**  
CHICAGO, Aug. 23.—It is believed here that the southern Illinois miners will go on strike on Sept. 1, as the owners in that part of the country refuse to raise the scale of wages as paid in northern Illinois. The railroad that gets their coal in that section are putting in supplies in anticipation of a strike.

**Trouble on the Big Four.**  
INDIANAPOLIS, Ind., Aug. 23.—There is growing uneasiness among the employees of the Big Four railroad. The switchmen of the Big Four recently got an increase in wages, but their demand for shorter hours has not been acceded to and they have been told to wait till Sept. 1 for an answer, and on that account they are feeling rather depressed and are looking with special interest for the result of today's conference at Terre Haute.

**Chicago Stock Yards Situation.**  
CHICAGO, Aug. 23.—The strike situation at the stock yards remains unchanged, except that Superintendent Williams has announced that he can give no answer to the strikers until Monday next, when a general conference will be held by the managers of the several roads interested. In the meantime, the men refuse to resume work and demand pay for the entire time they stay idle. All dead freight is being taken out of the yards this morning by the Belt line road.

**The Strikers at Monro.**  
BRUSSELS, Aug. 23.—The strikers at Monro and in the vicinity now number 12,025. The miners have appointed four delegates to confer with the provincial council, and to urge the establishment of an industrial council and the withdrawal of the rules recently issued by the Societe des Producteurs.

**Ashland's Public Works Force Out.**  
ASHLAND, Wis., special Aug. 23.—Seventy men employed on city work struck for \$2 today. They have been getting \$1.75.

**Steamer Hunter.**  
The steamer Hunter will give an excursion to Two Harbors Sunday. One dollar round trip.

**The Leading Photographer.**  
Nye East Superior street, Duluth.  
The Duluth Yale school furnishes thorough preparation for college, scientific school or business. There are additional instructors for coming year. Attendance doubled. All rooms carpeted. Heat, light and ventilation perfect. Professional instruction in drawing, elocution and music.

## SAME OLD STORY.

A Faithful Administrator Prefers Death to Disgrace.  
OSKALOOSA, Kan., August 23.—John N. Inley, assistant cashier of the Oskaloosa State bank, real estate dealer and abstractor, committed suicide in his office Thursday. He shot himself four times in the region of the heart.

At the death of Eli Metzger, a wealthy citizen of Jefferson county in 1888, Inley was appointed administrator of his estate. A short time ago he filed his final report of settlement. Judge Huron of Topeka, who was guardian of the minor heirs and some of the heirs who had reached their majority, took exception to the report and a referee was appointed by the court to investigate.

The referee has been at work on Inley's books for last week and the investigation has shown that Inley was short several thousand dollars in his accounts.

Inley was 53 years of age and leaves a wife and four grown children. He owned a large amount of property, but was found to have been heavily indebted.

**TWO WISCONSIN MURDERS.**  
A Wealthy Miner and a Lumberman's Wife the Victims.

HAYWARD, Wis., Aug. 23.—News was received here at noon yesterday from the eastern part of the county that Jerry Cleveland, well known here, was murdered Tuesday. He was worth between \$30,000 and \$40,000, and was murdered for his money. Great excitement prevails here. He has a brother in Kansas.

ASHLAND, Aug. 23.—The details of a probable murder on the Chippewa Indian reservation Thursday night have been received here. The victim was Mrs. A. L. Setzer, wife of a French lumberman named Hayward.

An Indian squaw named Laruel called at the Setzer house to beg alms, but was refused, and she attacked Mrs. Setzer with her fist, inflicting serious injuries. The squaw was unwilling to give up by the Indian and was taken to Hayward.

**RICH GOLD FINDS.**  
Great Excitement Over the Tongue River Discoveries.

HARLEM, Mont., Aug. 23.—The scene of the Tongue river gold excitement, though properly in Wyoming, is on Montana's border and many believe extends into the state. The excitement in north-west Wyoming has reached fever heat and is spreading to the south.

A number of persons have been taken from the diggings in the past week and report the discovery to be rich in placer gold, and that as high as \$25 per day has been made to the men.

**No Further Trouble.**  
WISCONSIN, Aug. 23.—Brackett and Mr. Leach, of the Baltimore Packing company returned yesterday from the scene of the Indian troubles on Lake Umbagog in the woods of the Woodville Garden island they found quite a number of Indians assembled there. Major Leach did not deem it wise to go over the matter, and on Thursday about 500 Indians gathered from all parts of the island and the entire island was taken over by them. They stated their grievance, which was that the company were catching too many fish and they feared the supply would soon be exhausted.

They stated their grievance, which was that the company were catching too many fish and they feared the supply would soon be exhausted. They stated their grievance, which was that the company were catching too many fish and they feared the supply would soon be exhausted.

**Three Were Killed.**  
DENVER, Col., Aug. 23.—At Lyons yesterday afternoon on the Pacific road, Pacific road three men were killed and five injured, in an accident on a steep grade in a stormy quarry. A train had just started down the grade when the engineer lost control of the train and it dashed down the grade until the dump was reached, when it was piled in to a mass of debris. Those killed were Engineer Norton, Ferguson, a car repairer; Gurken, a car repairer.

**Danger of Asiatic Cholera.**  
OTTAWA, Ont., Aug. 23.—The acting deputy minister of agriculture, speaking of the rumored danger Asiatic cholera coming to Canada from Japan, in British Columbia, said the quarantine regulations were as strict as Van Couver as at Greece Isle. There was every danger, however, that the plague would visit this country next summer.

**DEMOCRATIC NOMINATIONS.**  
Newton, Mass.—The democrats on the 30th ballot nominated J. H. Bennet for congress.  
Fayette, Tex.—The democrats last night, on the 52nd ballot, nominated John B. Long for congress.

**BEGIN NEXT WEEK.**  
The First Building of the Front Street Company to be Erected.

Those skeptical people who have believed that the steel plant is not to be located at West Duluth, but that it was all a scheme to inflate real estate values, can receive sufficient, cogent evidence to convince them to the contrary next week. On Monday a force of men will begin excavating for the office building, which is to be built at once. It will be a handsome structure three stories high, built of brick and stone, and will cost about \$200,000.

The plans for the mill buildings are now being drawn in the East, and as soon as they are finished work will be commenced and the buildings completed as rapidly as possible.

**Wagon Road to Bay View Heights.**  
The growth at the new suburb has been so rapid during the past few months that a new and better wagon road is found necessary between West Duluth and Bay View Heights. The View Land company has now a force of men grubbing a road from the top of the hill to West Duluth following the grade of the incline road. It will be completed as soon as possible and will be much appreciated by the residents of Bay View Heights who own their own horse and carriage.

## THE LAST RESTING PLACE

The Remains of John Ericson Borne to Sweden for Interment.

Imposing Ceremonies in New York in Memory of the Event.

New York, Aug. 23.—The remains of John Ericson, the inventor, were borne to their Swedish native land today for final interment. Bright sunshine and blue skies, studded with stormy clouds, marked the morning of the departure.

The tribute paid today to one of the most notable and successful inventors of the country was attended with imposing ceremonies in memory of the occasion. The United States, as a government, bestowed the greatest honor, Capt. Ericson's countrymen, representing a number of foreign governments, secret societies and public men of all degrees, united in the last tribute to the memory of the illustrious dead. Rear Admiral John S. Worden, the heroic commander of the Ericson monitor in the battle of Hampton roads with the confederate ironclad, March 9th, 1862, was the central object of interest to many.

The white cruiser Baltimore which was selected to bear Ericson's ashes to his native land, anchored to the south buoy northeast of Ellis island in the harbor. The other naval vessels were anchored on a line leading 31 degrees west of the Baltimore. In the outer was first the old monitor Nantuxet, Lieut. Commander George A. Hinkley in command, and as the tug Nina bearing the remains passed on her way to the Baltimore, minute guns were fired from a battery on the Nantuxet. The rest of the squadron was placed in order, the Dolphin, Rear Admiral Chesley's temporary flagship, with the Petrel and the veteran warship Kearsarge, the Pennacola, Acting Rear Admiral McLean's flagship, and the Enterprise, Acting Rear Admiral Walker's flagship, and the Atlantic and Yorktown.

Colors at the navy yard and on all naval vessels in the harbor were displayed at half mast at noon.

The flags at Governors island and Fort Hamilton and Wadsworth were lowered. The guns on Castle William, on Governors island, Fort Wadsworth and Hamilton, and the war vessels fired twenty-one guns as the Baltimore passed. Each of the naval vessels hoisted the Swedish colors to the fore, and the United States flag to the mast.

Early this morning the marines from the war vessels were taken to the navy yard. A battalion was formed and marched to the marble cemetery on the island. Here the entire column formed and escorted the body to the navy yard.

**OPINIONS ON CASH.**  
Duluth Bankers Do Not Believe the Stringency Will Affect the West.

The excitement in Wall street financial circles Thursday and Friday occasioned by a stringency in the money market, while not directly felt in the money centers of the West, has been the subject of considerable comment among local bankers and brokers.

In the judgment of many the stringency which for a time threatened disaster could have been avoided had the government stopped in earlier and forty days of the government under the new law. The demand for Eastern money at this time of the year from the West is always great, and the New York banks are cramped for currency oftentimes.

A tour of the Duluth banks was made by a Herald reporter this morning seeking an expression of opinion from local money men with the following result. W. Sawyer, cashier of the Marine bank, said that in his opinion the recent flurry in Wall street is attributable to over-speculation. The effect throughout the country, barring the large financial centers, is hardly perceptible. It is one of those things that in no sense a panic, which in the natural order of things ought about so often. Duluth banks were not affected by this stormy business.

H. A. Ware, cashier First National bank said: "A sudden stringency in Wall street financial circles like the recent one has no unusual effect in western money centers. It indicates the extreme scarcity of money in New York and the East."

Cashier M. O. Hall of the State bank said: "The stringency in New York is not far enough up in the money matters to warrant us in expressing any opinion."

**A Monday Meeting.**  
There will be an important meeting of the Ladies auxiliary of the Y. M. C. A. at the association parlors Monday afternoon at 3 o'clock.

**Where to See Some Pretty Pictures.**  
Etchings, paintings and fine photographs, come down the last decade cobwebbed all over with exclusiveness. The prices have been too high for any but the longest tures—their names have come suggesting a tantalizing favor of luxury until within a comparatively short time, competition in art as with everything else, has brought pictures of real artistic merit to where a shallow purse is no bar to their acquisition.

J. H. LaVague, 12 West Superior street, has probably done more than any man in Duluth toward fostering a taste for art in this city. His display of art at present is especially fine. Among other pictures on exhibition in his store is a plain photograph of Shoshone Falls, Idaho. It is the largest single photo ever taken, being seventy-two inches long. There are many other pictures of great artistic merit. They are a quantity of competition that will draw their four in the drawingroom and grow weary to the owner, but those of merit, developing new beauties at every inspection. Call at 12 West Superior street and see them.

120 acres in section 33-50-15 cheap; if taken immediately. G. T. Jones, Room 42 Exchange bldg.

**We Must**  
Loan \$100,000 at once. Will fit you out in any amount from \$5000 up. Come quick. G. T. Jones, Room 42 Exchange bldg.

The West Superior military band will accompany the Hunter to Two Harbors on Sunday.

## MARQUETTE TORN UP.

Capt. Smith Moore, an Old Citizen, Running the Gauntlet.  
MARQUETTE, Mich., Aug. 23.—(Special to The Herald.)—A great sensation in the higher social circles of the city was caused this morning by the application of Mrs. Moore for an absolute divorce from her husband, Capt. Smith Moore. In her complaint Mrs. Moore alleges adultery, cruelty and desertion on the part of her husband. The Moores belong to one of the principal families in the city and have always moved in the best society. The captain is a prominent vessel owner and has made considerable money in the way of stock speculation. The application for a divorce has created considerable surprise among the friends of the family.

**FAIR EMMA.**  
She is Too Sharp for a "Promised" Spokane Falls Merchant.

New York, Aug. 23.—Emma Morgan, alias Forger, an octogenarian, who has figured in several scrapes in San Francisco and Denver, was arrested here yesterday and arraigned in court today. She is charged with robbing a wealthy and prominent merchant of Spokane Falls with whom she kept company on a visit to this city. When he left her house, he missed \$1500 of his money and he notified the police. The police refuse to disclose the merchant's name.

Emma was remanded until the merchant is notified of her capture.

**THE VICTIMS.**  
A Host of Wrecked Cyclone Victims—Rescuees Sixteen.

WILKESHARE, Penn., Aug. 23.—The list of victims of the recent cyclone in this city now number sixteen, as follows: Edith Schaefer, Eva Manning, Nettie Thompson, John Fritz, Peter Kittenmeyer, Mrs. Eliza McGinley, Baby Kittenmeyer, John McGinley, Joseph Kern, George Hamilton, John Leible, Mrs. James Henagan, E. Vaniermark, Jacob Begold, Frank Olsen.

**THE FOREIGN BUDET.**  
Gen. Van Schellender, commander of the First German Army corps, was shot from his horse today at Petersburg and severely injured.

The czar has conferred the decoration of St. Stanislaus on General Hamilton, Volin, and the czar has promised Emperor William that they will visit Berlin in October.

The British government has initiated a special inquiry into the reported failure of the potato crop in Ireland.

**Mysterious Disappearance.**  
MARLBORO, Mass., Aug. 23.—Lynan B. Morse, aged 21, a native of this town, son of Joseph B. Morse, of St. Louis, disappeared June 5 without money and has not been heard from since. He was in poor health and suffering from nervous prostration, and his sudden disappearance is a source of great anxiety to his relatives.

**Pan Handle Train Wrecked.**  
PITTSBURGH, Pa., Aug. 23.—Train No. 1 on the Pan Handle left the track at Butler this morning, two cars were derailed and smashed, but no one was injured. A rail had been loosened, evidently with the intention of wrecking the train.

**TELEGRAPH BRIEFS.**

Illinois hay area this year was 2,705,000 acres, the average yield one and a half tons. Value \$2,300,000. Flax seed area is 10,000 and will yield 90,000 bushels. Total outlook has never been more discouraging. The yield last season was 15,484,000 bushels; 90,000 bushels of flax seed.

From Tuesday to Thursday there were twenty-eight deaths from cholera and forty deaths from cholera in the city of Cairo, Egypt.

**GERMAN SINGERS.**  
Forty delegates to meet in Duluth tomorrow and Monday.

The annual convention of the Minnesota Tagetesung will be held in Duluth tomorrow. This is merely a business meeting and there will be no festival aside from the program arranged by the local organization, the Concordia society.

There will be in all about forty delegates from New Ulm, Young America, Brainerd, St. Cloud, Stillwater, St. Paul and Minneapolis. Jordan is a member of the organization, but there will be no delegates from that place. About ten delegates are already in the city, and the others will arrive this evening on the St. Paul & Duluth. They will be accompanied by about 150 men from the singing societies from the different cities mentioned.

The visitors will have their headquarters at Brautagum's summer resort at New London, and all the meetings will be held there, unless rain interferes. The business session for the purpose of receiving reports and the election of officers will be held tomorrow morning at 10 o'clock. In the afternoon there will be a picnic and a musical program by the local societies and the visitors have been arranged. In the evening there will be a reception, weather permitting. On Monday the visitors will be treated to a steamboat excursion and a drive about the city, and in the evening they will leave for their homes.

**Real Estate Footings.**  
Following are the figures showing the assessments on real estate in the neighboring cities and towns of St. Louis county. The board of equalization left the assessment on real estate in the city of Lower the same as returned by the assessor, \$135,022, which shows an increase over the assessment of 1888 of \$32,237. The town of Gresham was assessed \$249,235, as compared with \$187,475 two years ago. Town of Breitung found up \$60,232, Concordia \$215,232 and Fond du Lac \$63,228.

**Against the State.**  
Decisions have been received here on ten swamp land cases, in which the state was contestant in favor of the settler in each case and sustaining the decisions of the registrar of the local land office. Title was decided today in favor of Adolph Belanger on a very valuable 160 acres of land in section 14-3-0.

**How is This?**  
They did not turn any one away today, but the hallway was called into day to accommodate the crowd that poured into the two handsome offices of Merritt & Earl, Duluth, to secure bargains in real estate. Too late now, but go to see them Monday, sure.

A bargain in acres in section 33-50-15. G. T. Jones, Room 42 Exchange bldg.

Change of life, backache, monthly irregularities, hot flashes, are cured by Dr. Miles' Nervine. Samples free at Max Wirtz's.

## WILL BE COMPLETED.

The Date Set for Electric Service is the Last of October.

A Movement for a Military School Under Way at Present.

Within a day or two a rumor has gained currency that the Street Railway company had given up all hopes of completing the Superior street electric line this year and were not pushing the work very rapidly.

Manager Chase in speaking of the matter this morning said that such a story was entirely unfounded and that the work would be completed as fast as possible. The track will be completed before the powerhouse is in readiness. A large force of men will begin work at Eight avenue west tomorrow. The police refuse to disclose the company's name.

Not to tear up the street in the business portion of the city until the paving on track on Second street is being laid as rapidly as possible and will probably be completed within two weeks.

Mr. Chase stated that two of the cars would probably be shipped from St. Louis today and four more without motors to be drawn by horses will be shipped next week. These cars are heavy, but it will be necessary to use them, as Manager Chase has found it impossible to borrow any more horses. He attempted to secure some in Minneapolis, but as the exportation is coming on soon, the Minneapolis company can not spare any. An unsuccessful effort was also made in St. Paul and St. Louis.

There has been an unexpected delay in the manufacture of the cars. The wheels and axles are made in Milwaukee, the trucks in Chicago, and the bodies in St. Louis. A number of sets of wheels were shipped from Milwaukee to Chicago some time ago, but they were not finished properly and were sent back. This has caused a great deal of delay.

Work is progressing rapidly on the power house at Twelfth avenue west. The skeleton is up about thirty feet and the foundation is nearly completed. Mr. Chase stated positively that if no more delays occurred the line would be in running order sometime the latter part of October.

**A MILITARY SCHOOL.**  
The Project to be Discussed This Evening.

A meeting of the citizens will be held this evening, and the subject of a military school will be discussed.

Half way between Lake and canal on Lake avenue, two of the finest lots on Point, \$1600, easy terms; title absolutely perfect. McNair & Co.

He turned her "gilded seductive youth" to scarlet and gold.

Of the head of the lakes, shown below, and draw your own conclusions as to the WESTWARD GROWTH OF DULUTH. Remember that the TIDE OF MANUFACTURES has scarcely set towards Duluth, and yet the most available sites are already controlled by land companies that are making every effort to force the manufacturing growth towards their properties.

WEST DULUTH, NEW DULUTH, the new town of ST. LOUIS and the recent project of a LARGE STEEL PLANT above West Duluth, all emphasize strongly the commercial growth up the St. Louis bay and river.

## STUDY THE BIRDS-EYE VIEW

Of the head of the lakes, shown below, and draw your own conclusions as to the WESTWARD GROWTH OF DULUTH. Remember that the TIDE OF MANUFACTURES has scarcely set towards Duluth, and yet the most available sites are already controlled by land companies that are making every effort to force the manufacturing growth towards their properties.

WEST DULUTH, NEW DULUTH, the new town of ST. LOUIS and the recent project of a LARGE STEEL PLANT above West Duluth, all emphasize strongly the commercial growth up the St. Louis bay and river.

BAY VIEW HEIGHTS.

DO NOT BE DECEIVED INTO thinking that people will transact their business in one locality and live in another, eight, ten or twelve miles away, when houses can be obtained near at hand. REMEMBER THIS and west of Rices Point the great bulk of the population will reside. This is the fact of the convenient and near location of Bay View Heights to the great manufacturing growth now taking place that is bringing it into greater and greater prominence. Eight daily trains each way connect Bay View Heights with West Duluth, in seven minutes' time. In addition to fourteen residences now completed, or under construction by private parties, there are now contracted for SEVERAL DWELLINGS, to be built by the Bay View Land company and finished within sixty days. If you wish to own your own home we will sell you a house and lot on monthly payments. A school house will be erected at once. Within the coming week good wide streets, sidewalks laid, shade trees, good water and a view not surpassed by any that can be obtained from the Boulevard. Lots for sale from \$100 to \$400. Terms: one-tenth cash and balance in eighteen monthly payments, or one-third cash and balance in one and two years. No interest; no taxes for two years. For name and further information apply at office of

BAY VIEW LAND COMPANY, Rooms 18 and 19 Exchange Building, W. B. SILVEY, Secretary and General Mgr. DULUTH, MINNESOTA.

## AMONG SECRET ORDERS.

Some Doings of Duluth Secret Societies the Past Week.

Chiefly of Masons, Odd Fellows and Knights of Pythias.

ABOUT twenty-six Knights of the Duluth Commandery, No. 15, regularly met up at the Van derbilt hotel one night recently somewhat unostentatiously on his legs. Two or three friends accompanied him, and promptly lined up at the bar. Sullivan's moustaches had been shaved, and he wore a tight-fitting pair of loud trousers. He did not look the giant that he has been described, and it was evident that several men at the bar did not recognize him. Sullivan was entertaining his friends with a musical story about the only girl he ever loved. His upper register was still weak, and in some places he sounded like a cat.

There are about 325 Masons identified with the local lodges here, of which there are two, the Palestine lodge, No. 79, and the Ionic, No. 186. The former is the oldest in point of years of any secret society in the head of the lakes, having been chartered away back in 1820 with thirty members. Of these J. D. Ray, Walter A. Brown, C. H. Marshall and C. Marshall are still members, and are active in furthering the interests of the order. The Ionic lodge was organized about a year ago, and is in a flourishing condition. Its membership list has received several additions during the past few months.

The Rebekahs of the Old Fellows are a progressive body. They were once more popular or stronger in the state of Duluth will soon have one. A preliminary meeting for the purpose of organizing will be held at the West End Monday evening, Sept. 1, in K. P. hall. Visitors from Duluth will be warmly welcomed, and those from elsewhere will be warmly welcomed.

A Lesson With a Point.

"Say, Bronson, lend me a liver, will you? Why do you say 'liver' isn't the word 'good enough' for you?"

Having twenty years' experience, we shall be glad to answer any inquiries by mail or otherwise.

HOPMANN BLOCK, Duluth and Superior.

1 lot, East Fourth street, \$100.

1 lot, Nineteenth avenue east, between Jefferson and Central streets, \$100. Cash or balance on time.

1 lot, corner of Twenty-first avenue and Park street, size 30x150, \$200. One-half cash.

ANDERSON & CO., 303 Palladio building.

We, the undersigned, do hereby agree to close our barber shops at 3 o'clock every evening during the week except Saturdays, commencing Monday, Aug. 25.

P. Phlatery, for A. Miles, Jas. Thompson, for T. Cullford, Gus Bauer, C. F. Sullivan, C. H. Appel, Geo. W. Bradley, E. Heins, Geo. Brown, H. Belver, Clyde E. Green, Edward McClure, Harry Johnson, Harry Brown, John Green, J. N. Ritchey.

## MATTERS OF SPORT.

The Ball Leagues and Their Fight: Sporting Notes.

According to reports agents of the two big leagues are engaged in keeping "tabs" on the attendance each on the other, all of which is a useless trouble, and expense which might be saved. The public is tired of the question of relative attendance, and it no longer affects the situation so much as it used to.

There is no surer way of disgusting people with the national game than to let them see an enthusiastic or excited fan who can afford to lose the most money. There is no surer way of disgusting people with the national game than to let them see an enthusiastic or excited fan who can afford to lose the most money.

## THE SOCIAL ROUNDUP.

Much News of the Week in the Society Circles of Duluth.

Receptions and Parties; Literature Class; Personal.

IT HAS been a long time since social circles in Duluth were so active as they have been this week, and the promise is for a busy winter. Besides the projected parties of all kinds the several literary and musical clubs and societies are arranging for their year's work and will be active in no time before many weeks. The Ladies' Literature class and the Saturday club have planned or are planning for a hard course of study and expect to gain greatly by the winter's work. The cool weather of this month has a relaxing effect upon the members of the various societies and parties, as well as the social circles, are looking for the next month or two.

**For Study in Literature.**  
The Ladies' Literature class held a business meeting at the residence of Mrs. Chapin at 110 East Second street, Tuesday afternoon and it was decided to complete the course of study already outlined. The class, whose membership is confined exclusively to ladies and is limited to thirty, contemplates taking up the study of French and German literature of the early part of the present century during the coming season.

The first regular class meeting of this progressive society, now in the seventh year of its existence, will be held at the residence of Mrs. Chapin, Sept. 23. Its officers are Mrs. W. C. White, President; Mrs. Giles Gilbert, Vice President; Mrs. Grace Collins, Secretary; and Mrs. George Greenwood, Treasurer.

**The Duluth Cecilia Society** will begin active musical work early in October. A committee is at present arranging programs for the approaching season and gives promise of proving a brilliant one in the young society's career.

**Social Notes.**  
Mr. Wells Gilbert gives a party soon at his home on East Second street. The Young Men's club gives an informal hop at the Temple hall Wednesday evening, Aug. 29.

Mr. and Mrs. W. W. Spaulding gave a party in honor of Mr. Spaulding's sister, Mrs. Catherine Spaulding, at the Temple hall, Wednesday evening, Aug. 28.

There were several marriages on the tapis, and several receptions are going on which will soon be occupied by blushing brides.

It is probable that another Assembly party will be given next week. Young society people are looking for the event with a great deal of interest.

Mr. John B. Weston entertained a number of friends on Friday evening at his residence on East Fourth street, to meet Mrs. Weston and Miss Weston of Pennsylvania.

A social reception was given Wednesday night at the Christian church on West Fourth street to Mr. Sharp, the Kansas preacher who has been supplying the pulpit for a few weeks.

Miss Lida Carpenter gave a "colored party" at her home on West Third street on Friday evening. A very pleasant evening was spent. The party was in honor of Miss Carpenter's sister, Miss Lida Carpenter, who has been visiting in Duluth.

John H. Harris and Miss Bette Foss were married Tuesday at the home of the bride's mother, Mrs. H. Harris, on West Second street. The bride and groom will return to Duluth in a few days.

Miss Brown gave a party last evening in honor of her friend, Miss Bailey, who is visiting her from the East. Schilling's orchestra furnished music for dancing. Among those present were: Misses O'Brien, Kinnon, Nicol, Leland, Sutherland, Goodale, Arthur, Messrs. Tolman, Coffin, French, Haaver, Scott, Roberts, Robinson.

The second of the season's series of Entertainment hours was given at the Temple hall last evening, the usual party of young society people being present. The first evening was given by the same party, and the evening was a success.

Mrs. MacLaren gave a dancing party at her East Third street residence Thursday evening in honor of her daughter, Miss MacLaren, who has been visiting in Duluth.

A number of well-known society people were present. The party was a success and the evening was a success.

Fully a hundred visiting ladies assembled at Mrs. W. T. Bailey's residence, East First street, yesterday afternoon, as an "at home" given by herself and Mrs. H. B. Moore and Mrs. J. W. Norton.

The officers of the new year are: M. V. Bingham, Exalted Ruler; Dr. Wm. Alden, E. Leading K.; Chas. Tabbutt, E. Leading K.; A. H. Butler, E. Leading K.; K. H. W. Cullyford, Secretary; G. Greenwood, Treasurer; Fred Reynolds, Chaplain; F. Dorn, E. Leading K.; H. Quimby, Inner Guard; and W. H. Wilson, Tyler.

**To an Announcement.**  
Dear Sir, I beg leave to announce myself as a candidate for the office of clerk of the district court at the coming election, and very respectfully solicit your support for nomination and election. I am a native born citizen, and I am a member of the bar.

My name is G. H. Holden. I am a native born citizen, and I am a member of the bar. I am a member of the bar, and I am a member of the bar.

## THE FAST COMING EXPO.

Minneapolis and the Autumnal Big Show She Brags Of.

Some of its Features; Music, Picnics and Fire-works.

THE Minneapolis exposition, which opens Wednesday, Aug. 27, and closes Oct. 4, will doubtless be the finest thing of the kind held in that city. To add to its attractiveness, several features of the West exposition have been secured by the management. A guarantee fund of over \$125,000 was subscribed by Minneapolis citizens and with this fall back upon, Manager Ryan was enabled to carry on the high ideas he had entertained for the exposition.

Mr. J. H. Smith, the art director, was sent last winter to Europe to secure some of the finest works available for the art gallery, and a large sum was placed at his disposal for this purpose. The result was that he brought back with him, after six months of travel, some of the finest works of art from the Louvre and the great galleries of Germany and Italy. The collection is held to be the finest ever hung in an American gallery, and the pictures are rated at prices from \$30,000 down.

The great feature to lovers of science will be the electrical display, which includes that made by Mr. Edison at the Paris exposition in 1889. But it is more complete in every way. A tower of light, seventy feet high, has been built in the center of the building. It is covered with electric lights, and the tower is surrounded by a series of lamps of various colors, and constitutes a wonderful sight.

## LEGAL NOTICES.

## SUMMONS FOR RELIEF, COMPLAINT

## STATE OF MINNESOTA, ss.

## COUNTY OF ST. LOUIS, ss.

## District Court, Eleventh Judicial District.

## John A. Stokes, Plaintiff.

## Victoria Stokes, Defendant.

## The State of Minnesota to the above-named defendant.

## You are hereby summoned and required to answer the complaint of the plaintiff in the above-entitled action, which is filed in the office of the clerk of the District Court of the county of St. Louis and state of Minnesota, and to serve a copy of your answer to the said complaint on the undersigned at his office in the city of Duluth in said county, within thirty days after the service of this summons upon you, exclusive of the day of such service; and if you fail to answer the said complaint within the time aforesaid, the plaintiff in this action may apply to the court for the relief demanded in the complaint.

## Dated at Duluth, Minnesota, July 18, 1890.

**WHEELER & WARD, ROOM 4, FARGUSON BUILDING**  
DULUTH, MINNESOTA.

## LAST EDITION. IT WILL BE A BOMBHELL.

The Report of the Supreme Council Will be a Surprise.

Central Officials, However, Believe That There Will be no Strike.

TERRE HAUTE, Ind., Aug. 25.—The executive council of the United Order of Railway Employees went into session about 8 o'clock this morning. When the session was called to order, not even a single member of the council knew.

The council are listening to a report presented by the committee. At what time any decision will come to the public cannot be stated at the present writing.

One member of the council says this morning: "I can't tell you when it will take a vote. I can't tell you what the real vote will be. He said, however, that when the report of the committee is given out, it will be in the nature of a bombshell."

At 11 o'clock this morning Mr. Hanahan, a member of the council, informed the Associated Press representative that it was impossible for the council to determine how long the present session would last.

Certain it is, he said, "that the public need expect nothing from us until 6 o'clock. I can't say whether it will be possible to give anything out then. When we are through, no delay will be taken by us in letting the outcome of our meeting be known."

Mr. Hanahan said the spokesman of the council.

At five minutes past 12 the supreme council adjourned for dinner. Mr. Hanahan repeated for the state press that no news would be given out until 5 or 6 o'clock.

**A JOINT SECRET SESSION.**  
Powerfully and Other Officers Now in Albany.

ALBANY, N. Y., Aug. 25.—General Master Workman T. V. Powderly and four of the five members of the general executive board arrived here this morning.

Devlin, A. W. Wright and J. V. Hayes came up on the night boat to Troy with Mr. Powderly, where they arrived this morning and immediately took a local train for Albany and are quartered at the Statway, opposite the headquarters of District Assembly No. 245, John Costello, the other member of the general executive board, has not yet arrived.

Mr. Powderly and the general executive board will meet in joint secret session with District Assembly No. 245 this afternoon. District Assembly No. 245 comprises three delegates from thirty-nine local assemblies who represent a membership of 15,000.

Mr. Powderly, when asked the object of the joint session, said he did not know exactly what might come up for discussion, but he was sure the general situation of the strike would be the main question.

**WILL NOT STRIKE.**  
Central Officers Think What Councils Will Prevail.

NEW YORK, Aug. 25.—While the Grand Central depot looked this morning just as it does every busy morning in the year, the people about it were awaiting with a good deal of expectancy the developments which the convention of the United Order of Railway Employees now in session in Terre Haute, might bring forth.

The railroad officials assert that nothing will come of the convention and that no general strike will be declared.

General Superintendent Voorhees today said that the Federation will not strike. "I am positive," he said, "that the visor counsel will prevail. The chiefs of the Federation are not men who have nothing to strike for and that no principle in which they are involved is at issue. Even if they decide to strike, I think we can manipulate the New York Central road without a great deal of inconvenience to the public."

Mr. Voorhees still holds that very few of the firemen will go out in any case and that they will not respond to the Federation's call.

**THE STOCK YARDS STRIKE.**  
No Particular Change in the Situation, but Trouble Is Expected.

CHICAGO, Aug. 25.—Nothing definite has developed in the situation at the stock yards this morning. The receipt of cattle, hogs and sheep are very heavy, and Armour is killing a few for the city trade and to fill orders from Boston, Philadelphia and elsewhere.

Swift and Nelson Morris are not killing. Their houses have shut down, and 5000 men, who were expected to work this morning, were forced to remain idle. There was nothing for them to do. This morning Armour applied for police protection, and twenty officers were sent to his house. Morris also received a guard. It is expected that some of the roads will attempt to handle some of the fresh meat that is in danger of spoiling. If they do it will probably precipitate trouble.

No coal is being handled at the yards today.

**The Miners' Strike Spreading.**  
BREMEN, Aug. 25.—The strike of coal miners in the Borinage district continues to spread. Today 4500 more men quit work. Meetings of the miners have been held at which it was resolved to continue the strike.

**How Englishmen Look at it.**  
LONDON, Aug. 25.—At a meeting of 5000 dock laborers yesterday, over which John Burns presided, resolutions were adopted expressing sympathy with the American Knights of Labor in their strike and hope for their success.

**AGAINST THE UNION.**  
Melbourne Ship Owners do not Want Union Sailors.

## TAKE PLENTY OF TIME.

An Effort to Settle the Tariff Bill Meets With Opposition.

There Will be Further Discussion Tomorrow—A Sudden Death.

WASHINGTON, Aug. 25.—The senate met at 10 a. m. The resolution heretofore offered by Mr. Plumb to prohibit the sale of spirituous, vinous or malt liquors in the senate wing of the capital, was taken up, but in the absence of Mr. Plumb, it was postponed until tomorrow.

Mr. Gorman said it had been the honored custom of the senate on all revenue measures and legislation necessary for the conduct of the government, that after full and free discussion the senate should be agreed upon as to the time for taking the vote. That enabled the senate to discuss all such matters freely and fully.

There had been, heretofore, a demonstration of the wisdom of the senate's rule, and he believed that his colleagues would be very glad, if the senator in charge of the bill had any suggestion to make, to have him make it now.

Mr. Aldrich—He has prepared a proposition which I ask unanimous consent to have debated.

The paper was read. It proposed that the consideration of the tariff bill shall be continued to the exclusion of all other business, except appropriation bills and conference reports, to and including Sept. 1, subject to general debate; and during Sept. 2, 3 and 4, subject to the one-minute rule in debate; that no senator shall speak on any one question more than once; and that on Sept. 5 and thereafter the consideration of the tariff bill shall be continued without debate, and including the third reading, when four hours shall be allowed to each side for general debate, and then the final vote shall be taken on the passage.

Mr. Plumb—On what date is the final vote to be taken?

Mr. Aldrich—My suggestion is that the general debate shall close on the 1st of September. It is merely a suggestion. I am quite willing, if the senators on the other side think it better, to continue it to a reasonable extension.

Mr. Gorman—I am aware that, in the consideration of this bill, we have spent twenty-four days; and that the long hours of the daily session, from 10 till 6, have taxed us all to an extent that has not been beneficial to health, at all events, and have, possibly, delayed somewhat the progress of the bill. As compared with the consideration of the tariff bill, we have considered this tariff bill a greater number of hours and it has filled a greater number of columns in the record than any other previous measure of the kind.

But there are special reasons why this should be so. This is the only place and only time when the bill could be considered in a fair and full manner. He thought the suggestion of the senator from Rhode Island reasonably fair, but that it was not satisfactory to the democratic side of the chamber if the time for general debate were extended to the 31st of September and then have four days for the five-minute debate. That would bring the time for taking the final vote to the 6th of September, two weeks from today.

If it were agreeable to the republicans to have the bill considered in a fair and full manner, he thought, to the democratic side of the chamber, it would be equally agreeable to have the bill considered in a fair and full manner.

Mr. Aldrich expressed his willingness to have the memorandum modified as to the time for general debate, and he was therefore modified so as to continue the general discussion up to and including Wednesday Sept. 12; to have five minutes debate on Thursday 13th, Friday 14th, and Saturday 15th, and to fix Monday Sept. 16th and thereafter, for consideration of the bill and amendments without debate; and then the final vote to be taken on the passage of the bill.

The preceding officer (Mr. Ingalls) asked whether there was any objection to having the order of business as proposed, and asked to have the matter go over till tomorrow. It seemed to him that the time fixed in the order was too short.

Mr. Aldrich—Then I offer the memorandum in the form of an amendment to the rules, and I give notice that I will ask tomorrow for a modification of the time in accordance with the memorandum.

Mr. Gorman—I trust that the senator from Rhode Island will not pursue that course.

Mr. Harris said that he understood Mr. Plumb's object in having the order go over till tomorrow was that he might look into it. In all probability the senator from Rhode Island could get unanimous consent to the order tomorrow.

He therefore suggested that the step proposed, to amend the rules, was unnecessary. Mr. Aldrich thereupon withdrew the notice, but said that he would ask for unanimous consent tomorrow morning.

**MORE TARIFF AMENDMENTS.**  
Senator Vance Looking After the Interests of the Farmer.

WASHINGTON, Aug. 25.—Senator Vance today proposed the following amendment to the tariff bill: Be it enacted, etc., that in all cases where it can be shown by proof satisfactory to the secretary of the treasury, that any goods, wares or merchandise imported into the United States from any foreign country, or where such goods have been purchased with the proceeds or avails of such goods, wares or merchandise, such goods, wares or merchandise shall be imported at the following rates of duty: On all manufactures of iron and steel; 10 per cent of the present duty on all woolen goods; 10 per cent of the present duty on all cotton goods; 10 per cent of the present duty on all manufactures of cotton; and 25 per cent of the present rate of duty on jute bagging and farmers' binding twine.

**Prayer for the Dead.**  
WASHINGTON, Aug. 25.—In his prayer this morning the chaplain of the house made a feeling allusion to the sudden death of Representative Watson, of Pennsylvania. Mr. Cannon of Illinois, submitted the conference report on the sundry civil appropriation bill.

**THE SUNDRY BILL.**  
An Agreement Reached by the Conference Today.

WASHINGTON, Aug. 25.—An agreement has been finally reached by the sundry bill conference on the paragraphs relating to the irrigation and public land surveys, the sole subject of dispute between the two houses for several weeks.

For the survey of the public lands the house appropriated \$200,000; the senate increased the amount to \$200,000. The conference fixed it at \$200,000.

The senate amendment appropriation \$200,000 for additional clerk hire in the offices of surveyors-general is stricken out.

## ANOTHER HOTEL HORROR.

The Queen's Hotel at Sunbridge, Ont., Burned to the Ground.

Two Men Killed and Two Others Are Badly Injured.

SUNBRIDGE, Ont., Aug. 25.—The Queen's hotel together with its contents was burned this morning. The guests, of whom there was a large number, had great difficulty in escaping.

Two men—Thomas Power and Herbert Layton, the latter, it is said, belonging to Ottawa—were burned to death, and two others were badly burned. The building was insured for \$4000.

**IN COLD BLOOD.**  
Joe Latture Confesses to the Murder of Jerry Cleveland.

HAYWARD, Wis., Aug. 25.—Joe Latture, the man arrested yesterday for the murder of Jerry Cleveland, made a sworn confession to District Attorney Bixford last night. He acknowledged the killing of Cleveland, and says he did it for the money, as he thought Cleveland carried a large sum on his person. He says he only found \$150, which he took.

Latture says that they were walking along the road together when he made up his mind to commit the horrible deed. The murderer stepped back a few feet and held the muzzle of his gun within two feet of Cleveland's head and fired. The charge took effect behind the head, and passed out of the mouth, killing him instantly. Latture then dragged the body of his victim into the woods a few rods and covered him with old logs. Latture waived examination and is bound over to the circuit court.

**MURDER AND SUICIDE.**  
A Jilted Lover's Terrible Deed Near Boston, Ind.

GOSHEN, Ind., Aug. 25.—The third murder in the last two months occurred Saturday night at the negro settlement about fourteen miles north of here. Sam Wilson, a negro, went to the house of Mrs. Mathers, a young and pretty widow, whom he has been importing to marry him for the past two weeks, and coming here to the door and finding she would not have him. Upon her refusal he drew his revolver and shot her through the heart, killing her instantly. He then placed the revolver to his head and fired, fatally wounding himself.

**Horror in Austria.**  
VIENNA, Aug. 25.—A severe hurricane has prevailed at Mautern, Austria, since the storm lightning struck twenty goods trucks on the Franz Joseph railway, throwing them down an embankment and smashing them. The guards on the train were knocked senseless by the shock.

The only genuine water sale is that of Levine Bros., or New York Clothing house, 109 West Superior street. Others are trying to imitate.

**AN AUTOGRAPH THAT LASTED.**  
Was Cut by a Sailor in a Beech Tree Forty Years Ago.

MILWAUKEE, Aug. 25.—On the farm at Williams' Fork at Shelton stood a beech tree that was curiously marked. Years ago, when the tree was young, John Leland, sailor, cut the initials of his name on the bark of the tree and, beneath the letters carved a handsome sailor's portrait. Not long ago the beech was cut down, it being about fifty years old, and when the woodman split open the trunk he was startled at seeing in the hard white wood near the core of the tree, the big letters, "J. L." on a closely black background. They were just as big and clearly cut as they were nearly forty years ago when John Leland did the act with his sailor's knife.

Beneath the letters on the bark of the tree were thirty-seven rings, and as a tree grows in year just one ring a year, the letters on the bark of the tree were exactly the year and almost the month in which "J. L." had been carved in the tree.

It is a curious feature that the letters have stamped themselves all the way from the heart of the tree to the bark, though they have been overgrown by thirty-seven rings of wood fibre, it is easy to read "J. L." on the outer bark of the tree.

That along the crossbar of the anchor the wood is cracked at right angles with the natural grain of the tree.

**Married Women Not Desirable.**  
CINCINNATI, Aug. 25.—Whether or not married women school teachers of this city shall be dropped from the roll of the board of education will probably be decided at a body of that meeting tonight. The matter has created great interest, and, in many cases, members of one family have been arrayed against each other on the question. The matter comes before the board in the form of a resolution ousting all married women from their positions as teachers. Information has been sought regarding the practice prevailing in many of the large cities of the country.

**The Church vs. Labor.**  
LONDON, Aug. 25.—A conference of Roman Catholic dignitaries opened in Coblenz yesterday for the purpose of considering the attitude of the church toward the labor questions which are now agitating Europe and the continent. The deliberations of the conference will be submitted to the Vatican for its consideration, and approval or rejection, and will then be published in a papal decree.

**Will Build the Road.**  
BENNY, Wis., Aug. 25.—Charles D. Smith, the attorney and future president of the company that has applied for a patent to construct a railroad from Milwaukee to Superior via Fond du Lac, Berlin and other points, to be known as the Wisconsin Bee Line & West Superior, was here this forenoon looking over the city and getting his bearings. He reports that surveying will commence this fall, and that the road is going through, and that Berlin is to be one of the points touched.

**The Seal Trouble.**  
SAN FRANCISCO, Aug. 25.—News was received here from Ounakaka that the captain of the Bear had ordered the release of the officers of the sealing schooner Mattie Dyer and had ordered the vessel to proceed to Sitka where the case will be tried.

Call and see our new store at No. 5 East Superior street.

**VALLEN & BERGQUIST.**  
The only genuine water sale is that of Levine Bros., or New York Clothing house, 109 West Superior street. Others are trying to imitate.

**Prayer for the Dead.**  
WASHINGTON, Aug. 25.—In his prayer this morning the chaplain of the house made a feeling allusion to the sudden death of Representative Watson, of Pennsylvania. Mr. Cannon of Illinois, submitted the conference report on the sundry civil appropriation bill.

## ANOTHER HOTEL HORROR.

The Queen's Hotel at Sunbridge, Ont., Burned to the Ground.

Two Men Killed and Two Others Are Badly Injured.

SUNBRIDGE, Ont., Aug. 25.—The Queen's hotel together with its contents was burned this morning. The guests, of whom there was a large number, had great difficulty in escaping.

Two men—Thomas Power and Herbert Layton, the latter, it is said, belonging to Ottawa—were burned to death, and two others were badly burned. The building was insured for \$4000.

**IN COLD BLOOD.**  
Joe Latture Confesses to the Murder of Jerry Cleveland.

HAYWARD, Wis., Aug. 25.—Joe Latture, the man arrested yesterday for the murder of Jerry Cleveland, made a sworn confession to District Attorney Bixford last night. He acknowledged the killing of Cleveland, and says he did it for the money, as he thought Cleveland carried a large sum on his person. He says he only found \$150, which he took.

Latture says that they were walking along the road together when he made up his mind to commit the horrible deed. The murderer stepped back a few feet and held the muzzle of his gun within two feet of Cleveland's head and fired. The charge took effect behind the head, and passed out of the mouth, killing him instantly. Latture then dragged the body of his victim into the woods a few rods and covered him with old logs. Latture waived examination and is bound over to the circuit court.

**MURDER AND SUICIDE.**  
A Jilted Lover's Terrible Deed Near Boston, Ind.

GOSHEN, Ind., Aug. 25.—The third murder in the last two months occurred Saturday night at the negro settlement about fourteen miles north of here. Sam Wilson, a negro, went to the house of Mrs. Mathers, a young and pretty widow, whom he has been importing to marry him for the past two weeks, and coming here to the door and finding she would not have him. Upon her refusal he drew his revolver and shot her through the heart, killing her instantly. He then placed the revolver to his head and fired, fatally wounding himself.

**Horror in Austria.**  
VIENNA, Aug. 25.—A severe hurricane has prevailed at Mautern, Austria, since the storm lightning struck twenty goods trucks on the Franz Joseph railway, throwing them down an embankment and smashing them. The guards on the train were knocked senseless by the shock.

The only genuine water sale is that of Levine Bros., or New York Clothing house, 109 West Superior street. Others are trying to imitate.

**AN AUTOGRAPH THAT LASTED.**  
Was Cut by a Sailor in a Beech Tree Forty Years Ago.

MILWAUKEE, Aug. 25.—On the farm at Williams' Fork at Shelton stood a beech tree that was curiously marked. Years ago, when the tree was young, John Leland, sailor, cut the initials of his name on the bark of the tree and, beneath the letters carved a handsome sailor's portrait. Not long ago the beech was cut down, it being about fifty years old, and when the woodman split open the trunk he was startled at seeing in the hard white wood near the core of the tree, the big letters, "J. L." on a closely black background. They were just as big and clearly cut as they were nearly forty years ago when John Leland did the act with his sailor's knife.

Beneath the letters on the bark of the tree were thirty-seven rings, and as a tree grows in year just one ring a year, the letters on the bark of the tree were exactly the year and almost the month in which "J. L." had been carved in the tree.

It is a curious feature that the letters have stamped themselves all the way from the heart of the tree to the bark, though they have been overgrown by thirty-seven rings of wood fibre, it is easy to read "J. L." on the outer bark of the tree.

That along the crossbar of the anchor the wood is cracked at right angles with the natural grain of the tree.

## ANOTHER HOTEL HORROR.

The Queen's Hotel at Sunbridge, Ont., Burned to the Ground.

Two Men Killed and Two Others Are Badly Injured.

</

## CITY BRIEFS.

Dr. Titcomb, the oculist has removed to 13 West Superior street.

A normal department for teachers opens Sept. 1st. Teachers' business college.

Among the social events of the week are the Elks' social this evening—the Young Men's club dance and the Assembly ball.

The following variations in temperature were reported at the Pioneer Fuel company's office, Hotel St. Louis, 225 Superior street: 12 m., 40°; 3 p.m., 50°; 6 p.m., 50°; 9 p.m., 40°; 7 a.m., 48°; 9 a.m., 40°; 12 m., 50°; Maximum, 51; Minimum, 45. Daily range, 7.

The Michigan street paving is nearly completed, to First avenue west. The work is being pushed rapidly.

There will be a basket picnic of the First Presbyterian Sunday school at Spirit Lake on Thursday, Aug. 28. The steamer Barker has been chartered for that day, and will leave the St. Paul & Duluth dock at 9:30 a. m., touching at the Northern Pacific dock. All baskets left at the Presbyterian church by 9:15 a. m. will be taken to the boat and care for.

The entertainment to be given at the Bethel tomorrow night, under the auspices of Clara Stewart, is expected to draw a crowded house. Scotland will be illustrated by candle light, and ballads and recitations will complete an excellent program.

In the case of the Clyde Iron company vs. Martin Millett, judgment was entered in plaintiff's favor for \$240.39.

Martin Kie, a native of Finland, made application for citizenship papers today.

A plan of Oliver Hill division of Duluth was filed with the register of deeds this morning.

A marriage license was granted this afternoon to Richard Stokes and Annie M. Ford.

In the district court, Saturday a judgment was entered in the case of Simon Chapman vs. Frederick Baars, Jr., in favor of the plaintiff for \$15,324.47.

Chairman Pressnell has issued a call for a meeting of the legislative and judicial district committee at his office in this city Sept. 3. The county convention will probably choose delegates to these two conventions.

The Duluth Music company, 115 West Superior street, has for sale:

One piano for \$75.  
One piano for \$85.  
One piano for \$100.

These are rare bargains.

## PERSONAL.

J. H. Arnold, librarian of the Harvard law school, is in the city visiting his son-in-law, Arthur S. Collier.

C. S. Hoffman of The St. Paul Eye and Mark E. Perry of The Dispatch, accompanied by their wives, spent Sunday in the city.

L. P. Hunt, editor of the Mankato Free Press, was in the city yesterday.

Mrs. J. C. Washburn is visiting friends in St. Paul.

Cal. Graves left for St. Paul last night. He will return tomorrow.

Miss Etta Craig leaves tonight for Chicago where she will take a two weeks' vacation.

A Campbell and wife, who have been in the city several days, returned to Kinnelwood, Ontario, last evening. Mr. Campbell is inspector of public schools for the county of Brant, Ontario.

Mr. Geo. W. Goff spent Sunday in St. Paul with his family.

C. E. Thompson of Bad Axe, county treasurer of Huron county, Mich., is registered at The Spaulding.

Mrs. Ward Ames and children left this afternoon for a visit to Chicago.

Dr. W. H. Cray, secretary of the St. Paul lodge, and F. C. Hulsebar, a prominent capital city Elks, are here to attend the social given by the Duluth Elks this evening.

James Rhodes is in town superintending arrangements for the production of "The Stowaway" at the Temple.

W. B. Gross, advanced of Hotel Mantell, is at the St. Louis.

Mr. N. D. Miller, chief engineer of the Great Northern road, is in the city.

Mr. R. B. C. Bennett of the Duluth Gas & Water company is in town.

Mr. Gus Ingard, paying teller of the American Exchange bank, and a party of lady friends are en route to Seattle on a tour along the coast and will be in the city on the 29th.

Mr. Samuel Nesbitt of Washington, Ga., arrived in the city this morning. He is accompanied by his mother and two sisters from Dublin, who will make their home in Duluth in the future. They are stopping temporarily with W. H. Nesbitt, No. 1018 East Third street.

Mrs. A. H. Brockhurst, accompanied by her sister, Miss Lizzie Craig, left for Fergus Falls today on a visit to friends. Dr. W. W. Schillman of St. Paul is in the city.

Among the passengers on the Indian which arrived in port late this afternoon were Mayor Davis and Harry Master Miller, who have been in Washington for some time.

## BETTER TERMINALS.

The Great Northern Will Soon Make Extensive Improvements.

The Eastern Minnesota is arranging for beginning work on the improvement and extension of its Duluth terminals.

N. D. Miller, chief engineer of the Great Northern road, is in the city today, and will, while here, inspect the terminals so as to plan for these extensions. It is not thought that much will be done, excepting in the way of betterments, with the city yard, but it will be made and new tracks laid on River Point, where the company owns a strip of land 120 feet wide, extending nearly its whole length.

## Colored Minstrels.

Cleveland's colored minstrels open for two nights and Wednesday matinee at the Temple tomorrow evening. This troupe is the largest ever put on the road, over fifty men figuring in the performance. Tom McIntosh, said to be the highest colored colored artist in the world, heads the stellar aggregation, and his big mouth is as much of a drawing card as it ever was. The program is filled with novelties—the march of the gladiators, song and dance, juggling, etc., being the features. The company carries a band of unusual excellence, which will parade Superior street at noon each day during the engagement. Reserved seats are now on sale at the Temple box office.

New store, new stock and low prices.

VALLEEN & BERGQUIST,  
15 East Superior street.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

**YAL Baking Powder**

**ABSOLUTELY PURE**

The use of Yal is so universal and its results so well known that it is the only one of its kind that is not only safe but also economical. It is the only one that is not only safe but also economical. It is the only one that is not only safe but also economical.

For several years I have recommended Yal to all my friends and acquaintances and do so as it is invariably produced beneficial results.

## WORLD OF COMMERCE.

Wheat Market Dull, Irregular and With Declining Tendencies.

Cash Wheat Firm and Scarce; Crop News; Other Markets.

Wheat opened easy here this morning, with first sellers at Saturday's closing prices. First transactions were for December wheat at 1/2 off, September starting later at 1/4 decline. The market ruled dull, quite irregular during the early business, especially for December wheat, with steadily declining tendencies during the last hour. The close was weak at 1/4 below the opening for September and 1/4 lower on December wheat. Cash wheat are very firm and scarce, the little here is in strong hands and practically none comes on the market.
